VIRGIL CONNER, SLEUTH

TRAIN AUDITOR ON THE "KATY" DETECTS TWO BURGLARS WHILE AT WORK.

BOTH WERE CAUGHT "DEAD TO RIGHTS"

Given Fifteen Years Each in the Penitentiary—Mr. Conner Gets a Watch Worth $100 and a Check for $40.

Virgil Conner an M., K. & T. train auditor, running between Sedalia and Parsons, Kan., is the recipient of a check for $40 and a handsome gold watch, valued at $100, presented to him in appreciation of his services leading to the arrest and conviction of two jewelry store robbers at Parsons, Kan., on Feb. 1, last.

The check was presented to Mr. Conner yesterday by the Jewelers' Security alliance of New York City, while the watch was received last Friday from the Parsons, Kan., jeweler, whose store was being robbed when Mr. Conner portrayed the role of a "sleuth."

On the date mentioned Mr. Conner was passing Pfeiffer's jewelry store in Parsons, during the early morning hours. He espied two men inside. Watching their actions, he discovered their plan to rob the place, hence called assistance.

A young man in the locality responded, and, pursuant to Mr. Conner's request notified the night police.

They in turn notified the proprietor of the store, who entered his place of business. The men were caught in the midst of their work, having packed about $4,000 worth of jewelry which they were preparing to carry away.

The prisoners, Lewis Sanderson and John Miller, the latter a negro, were each given fifteen years in the penitentiary recently.

HONOR FOR OUR HIGH SCHOOL

Contained in Report of State Examiner J. D. Elliff.

Supt. J. P. Gass, of the public schools, has received announcement from J. D. Elliff, of Columbia, state examiner of high schools, that the Sedalia High school has been added to the list of accredited schools of the North Central Association of Colleges and Secondary Schools.

There are only seventeen High schools in the state which bear such recognition.

The association aims to accredit only those schools which possess organization, teaching force, standard of scholarship, equipment esprit de corps, etc., of such character as will unhesitatingly commend them to any educator, college or university in the North Central territory.

FRANK C. PRATHER DEAD

Died at the Home of His Father at 6:30 O'Clock Last Night.

Frank C. Prather, a farmer of Saline county, died from diabetes at the home of his father, Dr. L. T. Prather, Twentieth street and Park avenue, at 6:30 o'clock last night. He was 34 years old and single.

Up to Dec. 1, last, Mr. Prather had been engaged in farming. Shortly after that date he came to Sedalia for medical treatment.

The Rev. J. F. Caskey, pastor of the Fifth Street M. E. church, South, conducted funeral services at the family residence at 3:30 o'clock this afternoon.

Burial was in Crown Hill cemetery.

DEATH OF MRS. BROADDUS

She Was the Mother of Dr. B. E. Broaddus, of Sedalia.

Mrs. Irene Broaddus, wife of C. D. Broaddus, a farmer of four and one-half miles southwest of Bunceton, died very suddenly from heart disease at her home at 10:30 o'clock last night.

She leaves four children, among them being Dr. B. E. Broaddus, a prominent dentist of this city.

Mrs. Broaddus was about 60 years old and had not been ill a day. She belonged to the Presbyterian church at Bunceton, at which place funeral services will be held tomorrow. Burial will be made near Bunceton.

Dr. Broaddus received a telegram at 11 o'clock last night, announcing his mother's death, and left for that place this morning.

Mr. Bowers Growing Weaker.

Ex-Sheriff J. A. Bowers is gradually growing weaker at his home on West Broadway. He had a bad night last night, and if there was any improvement today it was so slight as to be imperceptible. It is feared the final summons is not far distant.

Mrs. Bowers died on March 23, and since then Mr. Bowers has declined each and every day, the complete collapse coming while he was at Lamonte last Saturday.

THEIR GOAT IN TRAINING

SEDALIA CAMP, MODERN WOODMEN OF AMERICA, TO INITIATE A CLASS.

WILL HAVE THIRTY CANDIDATES ON MAY 6

In Celebration of the Event An Elaborate Program Will Be Rendered—Some of the Several Special Features.

Some time ago the members of Sedalia camp No. 5570, Modern Woodmen of America, set to work to secure a class of twenty-five applicants for initiation May 6.

At their last meeting, having had such good success, they raised their limit to thirty, and at their meeting tomorrow night will have their full class secured, among whom are a number of the most prominent business and professional men of Sedalia.

In celebration of this event an elaborate program will be rendered, followed by refreshments and a smoker, and prominent Woodmen from surrounding towns will be present.

Their special program at the last meeting proved so satisfactory to the large number of members present that another will be rendered tomorrow night.

Anent the activity of the suffragettes throughout the country, the question, "Resolved, That the Modern Woodmen should admit ladies to membership," that will be debated by two bachelor members, will doubtless afford a lot of amusement.

To a well known ex-county official has been assigned the question, "Can an honest man successfully follow politics as a business?"

There is no politics in this order, hence no partisan significance in the question, "What is the most valuable known metal, and why?" that has been referred to a popular young machinist.

LAKE ERIE STORM SWEPT

In Cleveland Much Damage Was Done and Lives Were Lost.

Cleveland, O., April 21.—A squall which swept along the southern shore of Lake Erie today left death and ruin in its wake. The wind reached a velocity of nearly a hundred miles an hour for a few minutes, and trees and frame houses were blown down in all parts of the city.

One woman was blown into a park pond and drowned, and lightning started many fires.

PRETTY HOME WEDDING

THAT OF MR. FRED K. HARRIS AND MISS BERTHA BLAKEY AT PILOT GROVE.

REV. GEORGE TRYON EDDY OFFICIATED

Bridal Couple Departed for a Trip Through the East—Were Many Beautiful and Valuable Wedding Presents.

An unusually pretty wedding was solemnized at Pilot Grove at 8:45 o'clock this morning, the nuptials uniting two of the most prominent families of Cooper county.

At the hour stated, at the beautifully decorated home of Mrs. A. C. Harriman, a cousin of the bride, Mr. Fred K. Harris claimed as his life helpmate Miss Bertha Blakey, the ceremony being said by the Rev. George Tyron Eddy, of Huntington, Long Island, in the presence of only the immediate relatives of the contracting parties.

After a sumptuous wedding breakfast the bridal couple, who were the recipients of numerous beautiful and valuable presents, departed for a honeymoon trip through the east, at the conclusion of which they will return to Pilot Grove and engage in housekeeping.

Mr. Harris is a son of Col. E. H. Harris, sr., the founder of the Pilot Grove bank, and was born and reared there. He is employed as bookkeeper in the bank, his brother, E. H. Harris, jr., being the cashier, and no young man in the county is held in higher esteem.

The bride is a daughter of the late Col. Blakey, and is a truly beautiful and accomplished young woman, whose friends are limited by the number of her acquaintances only.

In fact, the universal verdict is that no more popular couple ever joined fortunes in grand old Missouri, and a legion of friends will join the Democrat-Sentinel in extending congratulations and best wishes for a long life of wedded bliss.

WED BY REV. FR. NEIBERG

Mr. William Franken and Mrs. Hermina Imhauser Today.

The marriage of William Franken, of the Queen City Shoe Repairing company, and Mrs. Hermina Imhauser, also of this city, was solemnized during unptial mass by the Rev. Fr. S. Neiberg at Sacred Heart church at 7 o'clock this morning.

A. J. Knipp served as groomsman and Miss Rosa Franken as bridesmaid.

After the ceremony a wedding breakfast was served at Mr. Franken's home, 317 West Pettis street.

The couple have a legion of friends who will extend best wishes for a long life of wedded bliss.

Misses Mary and Clara Imhauser, of Conception, Mo., arrived here yesterday to attend the wedding of their mother.

"I HOPE NOT, BUT-" BRYAN

A QUALIFIED STATEMENT REGARDING 1912 FROM THE COMMONER.

THREE HUNDRED PERSONS AT BANQUET

In an Address to the Young Men's Democratic Club the Nebraskan Declared He Would Always Be in Politics.

Kansas City, Mo., April 21.—"While I hope my party will not find it necessary to call for me as a presidential candidate in the next campaign, I make the emphatic statement that I have no intention of retiring from politics. I began to fight for democratic principles long before my party heard of me, and as I live I shall continue it as long as I have strength."

This statement contains the only references to 1912 made by William Jennings Bryan in his address on the subject "Democracy," at the first annual banquet of the Young Men's Democratic club at the Coates house last night.

Mr. Bryan enumerated a number of reasons for the defeat of his party in the last campaign, referred with some warmth to promises by the republican party, especially concerning tariff revision, and listed a number of good works accomplished by the democratic party, in spite of its recent defeats. The banquet hall was filled by more than three hundred persons.

Street Railway Employes May Strike.

Pittsburg, Pa., April 21.—Employes of the Pittsburg street railway company today voted to strike unless the company concedes their demands of half a cent per hour advance.

KRUMM-GOLD NUPTIALS

A MISSOURI PACIFIC EMPLOYE CLAIMS A PRETTY SEDALIA BRIDE.

THE REV. A. W. KOKENDOFFER OFFICIATED

Departed at Noon for St. Louis, and On Their Return Will Have Apartments at the Home of Mr. and Mrs. Herold.

Casper W. Krumm, a Missouri Pacific bridge and building official, and Miss Hattie Burce Gold, daughter of Mr. and Mrs. John L. Gold, were united in wedlock by the Rev. A. W. Kokendoffer, pastor of the First Christian church, at the home of the bride's parents, 206 East Fifth street, at 11 o'clock this morning.

The residence, especially the room where the ceremony occurred, was prettily decorated with ferns, palms and pink and white carnations.

Miss Inez Ellison played the wedding march. The bride and groom were unaccompanied.

Immediately after the wedding a sumptuous dinner, consisting of chicken salad on lettuce leaves, sandwiches, olives, sweet pickles, coffee, ice cream and cake was served.

Escorted to the depot by a large number of friends, Mr. and Mrs. Krumm left on the noon train for St. Louis to spend their honeymoon, and on returning here will be at home to friends at apartments at W. W. Herold's residence, on West Seventh street.

The wedding was witnessed only by relatives and a few intimate friends.

Mr. and Mrs. Krumm have legions of friends in Sedalia, who will read of the event with pleasure.

AT THE CITY'S EXPENSE

The Tracks of the Street Car Company Will Be Raised.

The members of the street and alley committee of the city council and attorneys for the Sedalia Light and Traction Co. held a conference Tuesday night to decide the matter of raising the street car company's tracks on Third street, between Lamine and Hancock avenue, which thoroughfare is soon to be paved.

Years ago, when Third street was paved, the grade was established by the city engineer, and in accordance with the grade the street car company laid its tracks at a certain depth.

When the matter of repaving was again brought up the street car company refused to raise its tracks a height of two inches to conform to the new grade, and by agreement of the street and alley committee the tracks are to be raised at the city's expense.

Knights of Columbus Meeting.

Sedalia council No. 831, Knights of Columbus, balloted on three applications at last night's meeting, after which the members attended the five-cent shows.

W. G. Lynch's lecture on "Divorce" was postponed one week, owing to the inclement weather, which diminished the attendance.

SHOOTS DIVORCED WIFE

TENNESSEE MAN WAS DEAF TO KNEELING WOMAN'S PLEA FOR LIFE.

FATHER AVERTS A LYNCHING AT MEMPHIS

H. F. Deeson, Separated from Wife, Fires Three Bullets Into Victim Who Tried Flight When Mercy Was Denied.

Memphis, Tenn., April 21.—After shooting his kneeling wife, Hardiman F. Deeson was barely saved from lynching at Bartlett yesterday, and landed in the jail at Memphis.

The father of the woman pleaded with the infuriated neighbors, who had rushed to his place with a rope to let the law take its course, and the arrival of Sheriff Monteverde prevented mob violence.

One year ago yesterday Deeson was shot by Mrs. Deeson, while attempting to break into the house to see his three children.

After his recovery he disappeared, and for eight months nothing was heard from him. Divorce proceedings were pending at the time, and a decree has since been granted Mrs. Deeson.

When Mrs. Deeson went to her barn yesterday morning she discovered her divorced husband in hiding there.

"I have come to kill you," was his greeting.

Mrs. Deeson fell on her knees and pleaded for her life, but, finding words would not prevail, attempted flight.

Deeson shot three times, one bullet landing in the back of his wife's head and two in the abdomen. One of the latter was deflected by a corset stay and the other, which broke the hip, the physicians say, will not necessarily be fatal.

Deeson fled, and about noon was captured a mile and a half from the scene of the tragedy. Following an exciting scene at Bartlett, Deeson was placed in Sheriff Monteverde's automobile and brought to the Memphis jail.

Mrs. Deeson was conveyed to a Memphis hospital, where every effort is being made to save her life.

Deeson is the son of a wealthy planter at Lake Providence, La., and Mrs. Deeson is the daughter of John T. Ellis, a contractor of Memphis, and is related to many prominent families in this county.

AFTER THE "TAX DODGER"

The Board of Appeals Will Hold Meeting Monday.

Tax dodgers of Pettis county will receive little sympathy from the board of appeals, which meets next Monday.

Heretofore many property owners, who have had their taxes increased and later decreased on their "hard luck" stories, have denied certain statements made before the board of appeals, but this year a stenographer has been engaged to take down every statement made by those protesting against an increase, hence there will be no need denying anything.

Miss Mayme Shipley has been engaged to act as stenographer while the board is in session, beginning next Monday.

Sister's Store Was Burned.

Mrs. L. E. Johnson is visiting at Warrensburg, where, last Monday morning, the millinery store of her sister was consumed by fire. Mrs. Johnson may go to Kansas City with her sister to purchase a new stock of millinery.

FREES GIRL 'MID TEARS

JUSTICE BLANCHARD, IN SYMPATHETIC WORDS, RELEASES YOUNG WOMAN.

SAYS SARAH KOTEN IS NOT A CRIMINAL

Young Woman Clutching Babe to Her Breast Told She's More Sinned Against Than Sinning—Jewish Women Aiding Her.

New York, April 21.—Sarah Koten, the young Russian Jewess, who shot and killed Dr. Samuel Auspitz, whom she accused of drugging and betraying her, and who last week pleaded guilty to manslaughter in the first degree, went out of the criminal branch of the supreme court a free woman last afternoon.

In one of the most impressive scenes ever witnessed in the gloomy criminal courts building, Justice Blanchard, who had investigated the case thoroughly, suspended sentence on the young woman and she was turned over to the Society for the Protection of Jewish Women, who took her at once out of New York to a country retreat, where she will be given an opportunity to recover her health and reason and take care of her child.

There were some eighty women present in the court room when Sarah Koten was led into the prisoner's box. She carried her baby close against her breast and gazed with frightened eyes at the stern, robed justice as he took his seat.

There was a pause and then the justice began to speak in a low voice that at times seemed to catch his throat.

"I have carefully examined every feature of this case," he said, "and I have come to the conclusion that this woman is far more sinned against than sinning. It is very plain that she is not a criminal at heart. When she fired the shot that ended the life of her betrayer, there was no criminal intent in her heart. She had been so crazed by her terrible experience that she did not know what she was doing.

"No woman who was ever enticed into a brothel has suffered more than she has and no woman ever had such a terrible advantage taken of her. Justice in this case demands that she be punished no further. Sentence is hereby suspended and this defendant is turned over to the Society for the Protection of Jewish Women."

There was prolonged applause as the justice concluded and then the women in the court room crowded about the freed girl and kissed her. She was led through the crowd and hurried into a waiting carriage, being taken to the Grand Central station, where a train was boarded for the north.

Her destination was not revealed other than that it was a quiet country place, where she can care for her baby and be cared for herself.

ALLEGED CAR BURGLARS

Got Off With Fines of $10 and Costs Each Here Today.

J. J. McCrone, William Crupper and J. L. Phillips, who were arrested at Nevada recently for having burglarized an M., K. & T. merchandise car, and who were returned here to face trial, were arraigned for preliminary examination before Judge F. W. Clark today.

Judge George F. Longan and R. A. Higdon represented the prisoners, and H. D. Dow conducted the case for the state.

The defendants' attorneys proved that nothing had been stolen from the car, and by agreement with the prosecuting attorney the prisoners were permitted to plead guilty to malicious trespassing on the M., K. & T. right of way.

In accordance with the recommendation of Prosecutor Dow, each of the three was fined $10 and costs, which they arranged to pay.

Recovered a $350 Diamond Ring.

Miss Lettie Pearson, the bank clerk, lost a $350 diamond ring while attending the play, "Madame Butterfly," Monday night, but did not discover the absence of the jewel until her return home. In the meantime Miss Mae Hawkins found the ring at the theater, and it was returned to the owner.

GOVERNMENT VERSUS SPECULATORS.

The most extraordinary thing about the sensational corner in wheat is that it should involve the national government in a dispute with a set of Chicago speculators as to how much wheat there is in the country and whether the present prices are legitimate.

Secretary Wilson, of the department of agriculture, denies there is any such scarcity of wheat as to warrant the high prices now prevailing. He says there is wheat enough in the country to make bread at normal prices for all its people until the new crop comes in. He denounces the situation on the Chicago board of trade as a conspiracy to extort money from the consumers.

The secretary says it is a gambling movement, pure and simple; a manipulation of the market. The speculators, for whom James Patton is the spokesman, assert that the rise is natural; that it is due to the law of supply and demand and that there is a shortage which not only justifies existing high quotations, but will force them up still higher.

Most persons will accept the word of the secretary of agriculture in preference to that of Patton. It is true, as the latter asserts, that the government's estimates as to crops and crop conditions are not always accurate, but it is also true that they are always conservative and never purposely exaggerated.

The department of agriculture obtains its information on which estimates are figured from the farmers throughout the country. The data is collected from every wheat raising county in the United States. No one will claim the source from which it is gathered is infallible. It would not be possible to obtain a strictly correct estimate of crops or grain supplies by any method in time to make it of value. The government reports are, however, reasonably near the facts, as statistics have proven, and they have the additional merit that they are conservative.

The reports of the Chicago Board of Trade, on the other hand, is influenced and have no pretensions to accuracy or truth. Vaporings and rumors from far off localities and countries and the wildest imaginations of deliberate fakers are the foundations of speculation. They are essential to its existence; they are indispensible to its acrobatic specialties. They emanate from thin air; from nowhere; in fact, the less tangibility they possess the better suited they are to the purpose. Usually the reports which "start things" in the wheat pit are about as reliable as April weather conditions.

Secretary Wilson is right in denouncing the corner in wheat as boing speculative. It is worse than that; it is a gambling operation to get rich on nothing at the expense of the nation's consumers. Unfortunately, there is no law, and there does not appear to be the possibility of law by which the condition can be reached.

TAFT AND HIS PROPOSED $15,000 TRIP.

President Taft wants to take an extended western trip, which will cost in the neighborhood of 15,000. He has not the private means for defraying the expenses of the trip, but is depending upon congress to continue the $25,000 appropriation for traveling expenses, which sum was allowed in the closing years of the Roosevelt administration.

If congress does not make the appropriation the inference is made in an evidently inspired press dispatch sent out from Washington that the president will have to abandon the proposed excursion.

Congress will, of course, grant the amount desired and the trip will be made, but it does not appear to us that it adds to our national dignity to require the president to appeal to congress for money every time he wishes to go sightseeing. The travel habit is an acquisition of comparatively recent years. Until Mr. Roosevelt came into the White House presidents had contented themselves with settling down in Washington for the term of their election and none of them ever ventured much more than a night's ride from the capital.

Mr. Cleveland used to go to Buzzard's Bay to fish when the "biting" was good, and Harrison used to go home to see his Hoosier chums occasionally, but as a general rule our presidents have stuck pretty close to the White House.

Roosevelt broke a good many precedents when he entered office, and one of them was the stay-at-home policy. He wanted to see the country and the people and his journeyings while president are more famous than the "swing around the circle" that the candidates are wont to take during national campaigns. Congress gave him the money to indulge his taste for travel for the very good and proper reason that the purpose was laudable and that the meager salary of $50,000 annually was insufficient to defray the expense.

When the proposal to increase the president's salary came up again before congress at the last regular session it was planned to make it $100,000 without traveling expenses. This would have provided a fairly decent compensation for the heavy cost of White House life and in addition a reasonable amount for traveling. It would have made the president independent and at liberty to plan and execute his trips without begging congress for an allowance. Congress, however, saw fit to cut the proposed advance in two and so the president must go back to the uncertainties of an annual appropriation and ask congress for funds when he wishes to go out among the people.

With the start it has, April should have no trouble in crowding in at least fifty-seven varieties before the month closes.

It is not a question of how much wheat there is, but of how little the bulls can make the sheep believe there is.

LIFE is like a game of chess. The disappointed man may find that his particular game is a failure, because he sits waiting for somebody else to make a play when it's his own move. Things seem to have gone wrong generally. The other man has the bank account. The other man makes the wise investment. The other man annexes to himself all the desirable things of life. What's the trouble? Have you forgotten your part in the game?

Don't sit watching his brilliant moves and allow your own opportunities to get cornered. Take a hand in the game. Start an account with us and get so in earnest, so absorbed in the game that you compel others to watch. That's the way to win. It's your move NOW.

ROBBERY WAS RECALLED

By Reopening of Damage Suit Against the Late Lewis Sells.

Columbus, Ohio, April 21.—Attorneys for Wm. H. Speath, of Chicago, have made a motion in the United States court for a reopening of the $100,000 damage suit against the late Lewis Sells, of circus fame.

This action recalls the sensational robbery of the ticket wagon of the Sells Brothers' circus at Tarboro, N. C., about five years ago. Speath was an employe of the circus.

About a year after Speath was arrested at Cleveland on a requisition from the governor of North Carolina. It was honored by the governor of Ohio, and the suit followed.

After several vocal and instrumental numbers, refreshments were served.

CHINK SEEKS DIVORCE

From Annie McCarthy Lee, Who He Claims Is Unfaithful.

Boston, Mass., April 21.—Chin Lee, an Americanized Chinese, is the first of that nationality to appear in the divorce court of Suffolk county as a libelant.

Chin Lee asks for a divorce from his wife, Annie McCarthy Lee, to whom he was married in this city on August 24, 1908, and with whom he had since lived at 23 Tyler street.

In his libel Chin Lee says that he has always been faithful to his vows and obligations. He bases his prayer for a legal separation on statutory grounds.

CURED OF "SWORD-SWALLOWING."

Knife-Eating Incident Calls to Mind a Little Trick.

"While seated in the dining-room of one of our best hotels my attention was attracted to a dignified, well-groomed, prosperous-appearing man, who was deliberately eating with his knife. He also had a sort of strangle hold on his fork which he used backwards and sideways," said a western Pennsylvania man, according to the New York Morning Telegraph.

"I cast my eyes about and noted a number doing the same thing. Folk of whom you would expect better manners, if from no other cause, from pure instinct.

"It recalled to me the time when I was a young fellow and my uncle—a judge in a country district of Pennsylvania—gave a reception to many of the farmers thereabout, at which a gigantic old-fashioned spread was placed before them.

"I knew well how these sons of the soil would gobble up all they could hold, shoving the food into their faces with their knives.

"I was full of mischief at this time, so I got hold of all the knives on the quiet, took them to the grindstone and sharpened them like razors. Then slipped them back to the cupboard.

"When the guests began their sword-swallowing, one after the other cut their lips with the keen-edged weapons, while I sat in a corner bubbling over with laughter at the affair and hoping the lesson they were being taught might be of advantage to them in the future."

INSTRUMENT FOUND ITS SOUL.

The Story of a Violin That Was Wrecked in a Fire.

After the Lucky Baldwin theater and hotel fire in San Francisco years ago there were nine feet of water in the basement, where the instruments of the orchestra were stored. When a little of it had been pumped out, August Hinrichs, leader of the orchestra, hired a man to swim in and get out his famous Amati violin.

It was wrecked—water soaked, warped, twisted and broken up into 68 pieces. The hot water had soaked out all the old glue, and every piece had fallen away from its neighbor, besides a good many patches of wood put in when repairs had been done. To all appearance the thing was smashed beyond recall.

Nevertheless, Herman Muller, a local violin repairer, who knew and loved the old fiddle, took it in hand. Twice he carefully joined the time-darkened pieces of wood. Twice he decided that the Amati would not do.

So once more he soaked the 68 bits of wood apart. Then he carefully modeled out of clay an arch such as he remembered that of the old Amati to have had, and for nine weks kept the bits of wood bound to it until they had gained the proper shape.

Once more he put the bits of wood together. Then for five weeks more he patiently varnished and polished the more than 200-year-old fiddle until it shone. Then Hinrichs once more drew his bow across the vibrating strings, and the violin spoke. It sang, wept, bubbled with life and joy.

The Amati had found its soul.

FEAR EVIL SPIRITS

MOHAMMEDANS SUPERSTITIOUS BEYOND BELIEF.

Every Move in Daily Life Preceded by Pious Ejaculations Calculated to Offset Work of the Bad Jinn.

Mohammedans believe implicitly in the participation of spirits (Jinn), both good and evil, in most of the concerns of daily human life, explaining that Jinn become visible or invisible at will, either by rapid extension or rarification, and consequent diminution of the particles of which they are composed, and that good Jinn are immediately recognized by their resplendent beauty, the bad ones being correspondingly hideous and shocking.

Many cultivated Mohammedans even in this twentieth century, says the Queen, profess not only to have seen Jinn but also to have held converse with them, and to possess certain talismans by which the services of good Jinn may be secured as well as formulas by which bad ones can be put to confusion.

Constant endeavors are made—except during the Feast of Ramadan, when all evil spirits are supposed to be kept in strict durance in the bowels of the earth—by daily sprinkling the floors of rooms, especially empty ones, with salt or iron filing, for which bad Jinn are considered to have especial aversion, to insure their exclusion from the dwelling places of the "sons of the faithful."

The favorite abiding places of Jinn are supposed to be empty houses, cross-roads, baths, any uncovered jugs or basins or food receptacles and yawning mouths. So good Moslems not only lock their doors when obliged to leave their houses, but besprinkle and cover up in so far as they can every article of domestic use whose emptiness would tempt a roving evil spirit to enter into possession, besides making use of the special prayers ordered by the Koran to keep such visitants at bay.

The words "I seek refuge with God from Satan the stoned," or "In the name of God the compassionate the merciful," are constantly upon the lips of Moslems, for without previous pious ejaculations of the kind to dissipate evil presences they dare not undertake even the most ordinary business of their day, neither enter nor leave a house, meet with or part from a friend, partake of a meal, commence or complete any commercial matter or journey, take a bath, nor even kill any animal for food, lest the bad Jinn take possession as life ceases and work madness or destruction upon the sacrilegious mortal who presumed to eat or make other use of it.

Probably for the same reason is the singing of a continuous antiphonal funeral chant kept up by relatives and watchers from the moment the breath leaves a human body till it is safely hidden away under the sod; usually as short a period as possible among Mohammedans, 24 hours or less being the customary interval between death and burial.

Letter "E" Caused Trouble.

The letter "e" has caused a quaint quarrel between the parish council and the overseers of Brockenhurst, Hants, England. The parish council decided some time ago to add "e" to the name of their village, but when the overseers received precepts for Brockenhurste they refused to pay, as they said they did not know of such a place. Consequently the council has no money and has got into debt; and now the overseers are being begged to pay, at all events, under protest, and leave the "e" question to be threshed out at the annual parish meeting.

"VAN" QUITS UNDER FIRE

Head of Citizens' Industrial Alliance Fought Labor Leaders.

St. Louis, Mo., April 21.—James W. Van Cleave, president of the Citizens' Industrial alliance, tendered his resignation late last night as head of the organization.

The change came about through antagonism shown to Van Cleave by manufacturers over the country after his fight against Gompers, Mitchell and other labor leaders.

Van Cleave is president of the Buck Stove and Range company, which obtained an injunction preventing Gompers and Mitchell from advertising a boycott on the Buck Stove and Range company's product.

The Citizens' Industrial alliance is composed of manufacturers in every city in the United States.

JEST OF THE NATURE FAKER.

Remarkable Fish Was Whiffletit, According to Facetious Waiter.

Seating himself at a restaurant table a Chicago man said:

"Waiter, what kind of fish have you?"

"O," said the waiter, "all kinds—whitefish, bluefish, gaylings, sea bass, weakfish, perch—"

"Pshaw!" yawned the customer, "cut that out. I'm tired of those common fishes. Ain't you got some new kind of fish; some kind I never ate before?"

"Well," said the waiter, "the whiffletits is very fine this morning."

"What in thunder is a whiffletit?"

"Why, don't a fish sharp like you know what a whiffletit is? Common enough here. You see, the whiffletit lives only in circular lakes. You go out and find a circular lake and hire a boat. Then you row out all alone to the middle of the lake, about a mile or so, and anchor. Then you take an augur and bore a hole in the water, and bait it by putting a piece of cheese on the edge of the hole. The whiffletit comes up to get the cheese, eats it and it makes him swell up so that he can't get back down the hole."

"Well," said the customer, breathless, "what then?"

"Why," replied the waiter, as he filled a glass of water, "you lean over the side of the boat and laugh the whiffletit to death. Want a few?"—Cleveland Leader.

PECULIAR WHEEL OF FORTUNE.

Breton Peasants Ascribe Miraculous Powers to Odd Contrivance.

In the village church of Comfort (near Pont-Croix), in western Brittany, is a very good specimen of the now rare "wheel of fortune." It is made of wood, with a row of bells on its outer rim and pivoted between a couple of rough beams—altogether very primitive workmanship. By means of a cord attached to a crank the wheels can be made to revolve and set all the bells a-jangling. I have often heard that the peasants believe that it has miraculous power of healing when run over the head of a sufferer who has placed a sou in the box to which the rope is padlocked. I received remarkable confirmation of this belief, for while making a photograph a well-to-do sailor's wife and her husband came into the church and looked round. The woman asked me if I thought there could be any truth in this belief, as her child was very backward in learning to talk. Her nurse, who came from those parts, had advised her to bring the baby and ring the bells of Comfort over his head, when he would be sure to talk. As she was passing she had looked in to see if it was worth trying!

Advice to the Sick.

Illness may bring up from our sunken natures many a submerged thing—patience, or good spirits or self-obliteration; but it has not done its duty by us till it has dragged out of our quivering depths the military qualities. I know a woman who said: "I have been an invalid for 30 years. I am now growing old and my remaining days are few. I thought I had learned the lessons that God meant to teach me by physical suffering. But I have only mastered the easiest of them. I thought I must try to be a saint. Now I see that I must be a soldier."

Physical malaise plays strange tricks with its victims; it conjures curiosity. Regard it as an enemy as long as you can. Nothing is sadder than mistaken friendships, and to make a friend of one's pathological calamities may be an important error precisely because one does not suspect that it is such. Recovery may be more a matter of will power than we suppose; or it may not be. Why not give it the benefit of the doubt?—Elizabeth Stuart Phelps, in Harper's Bazar.

SPURNED BY MILLIONAIRE

Mrs. Barrick Sues for Breach of Promise and $750,000 Damages.

San Francisco, April 21.—Desperate because George Wingfield had refused to see her when she called at the Francis hotel, Mrs. May Barrick, who claims to be the common law wife of the multi-millionaire Nevada mine owner, has brought a breach of promise suit against Wingfield for $750,000 damages.

The complaint dwells upon the fact that Mrs. Barrick and Wingfield lived together in Nevada for over six years when they were both poor.

When riches poured in, it is claimed, Wingfield deserted her and married Miss Maud Murdock, daughter of Robert Murdock, a banker of this city.

Find Water Where Badly Needed.

A Hindu engineer experimenting in artesian boring at Patiala struck a spring of water 100 feet below the surface which discharges 6,000 gallons an hour through a three inch tube. FAIR PRISONER ALSO BETS SUM OF $1,000

James H. Boyle, the Husband, Has to Borrow Money to Buy Stogies—The Trial Is Expected to Begin Next Monday.

Mercer, Pa., April 21.—It was learned here last night that the effort of former Judge Miller, counsel for Mrs. James H. Boyle in the Whitla abduction case, to have the Ohio courts claim jurisdiction over the woman had fallen flat.

The Ohio authorities expect to take no action in the case unless the woman's conviction in Pennsylvania should fail. Had the Cleveland officials desired Mrs. Boyle, habeas corpus proceedings could have been instituted on the gound of the previous indictment in that state. However, the Ohio authorities have agreed to let her be tried here first on account of the more stringent laws of this state.

Judge Miller has not returned and it is believed he is endeavoring to obtain witnesses to use in establishing an alibi for Mrs. Boyle.

Attorney T. C. Cochran who will prosecute the cases, said:

"Grand jury indictments against the Boyles, charging kidnaping, will be returned Friday morning. The trials will begin next Monday morning. There will be separate trials, Boyle being arranged first. In my opinion convictions will be obtained in both cases."

At least six witnesses will appear before the grand jury next Friday. They are Mr. and Mrs. Whitla, their son, Billy; Janitor Sloss, of the Sharon public schoil, who talked with the abductors; Liveryman Thompson, of South Sharon, who rented the horse and buggy to the abductors, and an unidentified witness from Warren, O.

While Boyle is reputed to have called on his relatives for enough money to buy stogies, Mrs. Boyle is said to be reveling in luxury. It is reported that rich relatives have deposited to her credit here $1 000.

No one but her attorney, it is said, knows where it came from, but it is taken as evidence of the truth of the report that she is of a prominent and wealthy family.

That she is best known near St. Louis is evidenced by the quantity of mail she receives from there.

It is said that she gets many letters from East St. Louis, and that in one which arrived a few days ago there was a golden brooch with a heart of gold pendant.

It is a delicately beautiful ornament, and accompanying it, in a handwriting indicating education and refinement, were the words:

"With heartfelt sympathy."

It is expected the trials will consume several weeks.

NOVEL USE FOR AUTHOR'S NAME.

Euphonic Syllables Unfortunately Were Badly Applied.

When Josephine Dodge Daskam, now Mrs. Bacon, met a college classmate a short time ago, the classmate congratulated her on the fame she had acquired and said: "I had startling proof of how well your name is known after we'd been out of college only five years. I was then on a trip abroad and was doing a little sketching in the picturesque parts of England. Several other artists were grouped near me one morning, all attempting to sketch a delightful bit of landscape, when a gust of wind blew my sketching sunshade over. A gallant young artist tried to pick it up for me. The wind bowled it over a little farther. Then he knocked over my stool in his gallant efforts, nearly upset my easel and had a very clumsy time of it, and all the while he kept muttering under his breath: 'Josephine Dodge Daskam, Josephine Dodge Daskam.'

"'Do you know her?' I asked finally.

"'Who?' he asked, surprised.

"'Why, Josephine Dodge Daskam. She was a college classmate of mine.'

"The young man turned a fine red and said sheepishly: 'No, I don't know her from Adam, but I've read a lot of her stories, and I always say her name when I want to swear, and can't. Her name is the nearest like cussing without being cussing, of anything I know of.'"

PROTEST OF THE CONSERVATIVE.

Voice Lifted Against the Modern Tendency to Change.

Let the conservative cry out as he will against our giving up the good old hostlery with its clean beds, clean linen, and clean food for the glittering attentions of the latest $5,000,000-hotel. We needs must love the newest when we see it. The order of our present life is that landlords, cooks and chambermaids shall all the time be making place for other landlords, cooks and chambermaids. Our hotels are under new management, our politics and business affairs are under new management—at least they are not under the old management. Our morals are no longer under the management of teachers and philosophers, but of yellow editors; our religions are no longer under the management of prophets and priests, but of neurotic women, trained advertisers, and solid business corporations. And the poor wayfarer, worn out by the continuous din and bustle of this world, is fast losing even the consolation he once had, of looking forward to an unbroken succession of pleasant days and dreamless nights—under a new management.—New York Post.

His Qualifications.

He was pleading his cause earnestly. "I am wealthy," he said, "and could make ample provision for you."

She nodded and checked one point off on her fingers.

"I have had experience with the world," he continued.

She checked off another point.

"I have passed the frivolous point," he went on, "and I have the steadfastness, the age, and the wisdom to guard and guide you well."

He paused for an answer.

"The points you make are strong ones," she said, "but they lead undeviatingly to the conclusion that you would make an excellent father for me. You have all the necessary qualifications, but just now I am looking for a husband."

CROWS ON CAPITAL BUILDINGS.

Ill-Omened Birds Have Their Regular Haunts in the Seasons.

A venerable crow, "as black as any crow can be," which made its nest for several years in one of the tall trees in the Capitol park, Washington, and then suddenly disappeared from its accustomed haunts, is said to have been seen recently in the tree in which it had reared several broods of young birds. He has come back to his own.

Another crow for a number of seasons nested in one of the recesses about the tower of the postoffice department building, and his shrill "caw-caw-caws" could be plainly heard by the pedestrians on the bustling streets below.

This particular postoffice crow met a tragic fate last year, however, and since that time there has been a noticeable scarcity of that breed of birds on the big gray building. Formerly the old crow had many visitors, especially during the early morning and sunset hours, but his death at the hands—or rather talons and beak—of a big hawk no doubt was spread through Crowdom, and now it is a rare thing to see one of the uncanny birds in the vicinity of the postoffice.

Policeman Frank Emmert was a witness to the tragedy on the dizzy edge of the coping about the postal tower. The great hawk came up from behind and pounced down on the unsuspecting crow. There was a brief struggle, then the surrounding atmosphere was filled with black feathers. The crow gave several loud "caws" and then succumbed to its enemy.

The hawk proceeded to devour the bird of evil omen, and finished all except the head, which was dropped to the sidewalk and picked up by Policeman Emmert and preserved as a memento of the battle in midair.

The Capital and Its Memories.

Musty memories hang thick about Washington. Every other house has been dignified by close contact with famous men and women. One built on a magnificent scale for Zack Chandler is now used as a boarding house or hotel. On the walls of its lofty parlors hang four great tapestries as soft in tone as some of the famous Gobelins. The mistress of the house has seen every inauguration since Lincoln's. The tapestries, worked by her sister, were exhibited at the World's Columbian exposition. One depicts an Illinois soldier who for 12 years boarded in the house. The eyes of the lady of the house brighten into youthfulness as she tells how this wonderful tapestry portrait worked by her dead sister's hand from the living model, hung in the Illinois building and how it was taken to the rotunda of the capitol in which the veterans of the Grand Army of the Republic convened. The wife of the man stood as the tapestry was slowly unrolled before the eyes of the grizzled men who patiently wondered what it meant until suddenly with one acclaim they cried: "Black Jack! Black Jack on horseback!"

To the gentle lady, whose voice trembles as she tells the story, the men who play their part in the beautifully adorned city are the shadows—her realities are of another time and have passed into another realm.

NEVER BEAT Your Carpets

It is a mistake to beat carpets; no one ever made one really clean that way. Beating only loosens up the dirt, instead of getting rid of it, and cuts the threads and stretches the fabric as well. Neither is it possible for you to watch your carpets without fading the colors and causing them to lose their brightness.

The best solution is to let us clean your carpets for you. None of the above faults can be found with our method. It is sanitary, removes every particle of dirt and freshens up the colors like new.

WOMAN KILLS HER FATHER

Says He Drove Her From Home and Caused Brother's Death.

New York, April 21.—After lying in wait for him for more than an hour, Agnes Wallace, a seamstress, 35 years old, Monday night shot and instantly killed her father, John W. Wallace, 65 years old, at Van Buren street and Stuyvesant avenue, Brooklyn, while he was on his way to his home.

With the utmost deliberation she sent two bullets into the aged man's body, one entering his breast and the other the left temple.. As he fell lifeless she stood over his body, with the revolver in her hand, and surveyed it without apparent emotion. Then she submitted to arrest without an attempt at a struggle, declaring only to her captors, in calm tones:

"He is my father and I killed him because he killed my brother."

In the police station she amplified this statement by asserting that she had been driven from her home ten years ago by the ill-treatment of her father and that one of her brothers had died from the same cause five years ago.

Oldtime Treatment of Maniacs.

Vienna's "Fools' tower," which is to be replaced by a more modern building, was remarkable for its extraordinary collection of strange instruments and fetters used in the treatment of the insane of past ages. There was a curious machine in which unruly maniacs were swung until they were in a state of stupefaction and therefore quiet. And the same idea caused the invention of a wheel that revolved like that in a modern squirrel cage. There was a narrow upright box called an "English coffin," from which the patient could look out, but could not move. When it was built in 1794, the "Fools' tower" marked a great change for the better in the housing of the insane. From 200 to 250 patients occupied its 139 cells.

He Knew the Folks.

An amusing comment was made by a miner at an ambulance lecture in Elphinstone, East Lothian, Scotland, recently. The lecturer had stated that if suffocation from choking was likely to ensue, the simplest remedy to give relief till medical aid arrived was to take a fine-pointed pen-knife and make a small incision in the throat. One of the miners then shouted: "Ye dinna ken Elphinstone folks. If I was to try that the morn, here's what wad happen: If that man died his folk wad hae me prosecuted for murder, and if he got better he himself would be the first to prosecute me for cutting his throat."

HOW TO TAKE CARE OF BABY.

Advice That May or May Not Be of Interest to Fathers.

My friend Miss Jones, whose "Mothers' Column" forms so popular a feature in that widely-read magazine, Home, Hearth and Henyard, said to me: "My dearest Victoria, why do you not write a fathers' page for the periodical which you yourself represent? Now that the suffragette parades so hamper mother in her domestic duties, father must be prepared to assume many of those household cares which pertained formerly to her own province."

Above all else, father should remember that baby is not a machine, but a bald, vocalized, nocturnal, rubicund, omnivorous mammal indigenous to flats, but found elsewhere in considerable quantities.

A Binghampton father writes: "I have a sweet little toddler who cries himself red in the face whenever we endeavor to correct him. I am afraid that he will work himself into a fit. What shall I do?"

Paint baby's face with stripes of delicate green. This will relieve the glare which is often injurious to father's eyes. If signs of a fit appear, rip baby up the back lightly with a pair of scissors.—Harper's Weekly.

Practical Philosophy.

It is a rare philosopher who puts his reading into practice. A housekeeper whose patience was none of the best, had a Japanese cook, studiously inclined, and not overexpert in his profession. She went into her kitchen one day to direct the preparation of dinner. George was poring over a book.

"What are you reading?" she asked.

"Schopenhauer," George replied.

"Do you think you can understand such philosophy?" the mistress inquired.

"Yes," honorable madam. I understand it; I apply it. When you come to tell me how to cook, it is good to remember what the white man says about women. I read here, then I do not mind what you say."

Inconsiderate.

"I was sorry to hear of your husband's long illness and death, Mrs. Weeds. It must have been a great loss to you."

"Oh, it was! It was! I had just started on one of the most brilliant social seasons since I made my debut when his illness stopped everything. If he had only been taken sick in the summer months, I could have gone away somewhere, but men are so selfish."

MAIL DELIVERED TO SAILORS.

River Postmen Employed on the Thames at London, England.

It is probable that London has the distinction of being the only port where ships lying at anchor are privileged to have their letters delivered to them by river postmen, it being customary at other ports for sailors to apply personally for their letters unless the ship is in dock. The Thames is divided into two postal districts, each under the control of a river postman, who delivers letters and parcels every morning, in a craft which resembles a fisher boat more than anything else. Of these districts the first extends from the custom house to Limehouse, and the second from Limehouse to Blackwall. The river postmen start on their rounds punctually at eight o'clock every morning, and, needless to say, there is only one delivery a day. The mail bag may include as many as 500 letters, but this number is largely increased about Christmas time. As he glides from ship to ship the postman calls out: "Ahoy there!" and hands up the letters attached to a boathook to the waiting crew. It only takes from four to five hours to deliver the mail, so that the postman does not waste much time. In foggy weather, however, it takes considerably longer, owing to the difficulties of finding the various ships, and of steering between the large vessels as they lie at anchor.

EXERCISE JOINTS AND MUSCLES.

Novel Machines Installed in a New York Medical College.

The 30 steel machines, with their complicated mechanism, which will be used in the new department of mechanicotherapy in the Vanderbilt clinic of the College of Physicians and Surgeans at New York have been placed on public exhibition. The machines are a gift of Mrs. Ray Matshek, in memory of her husband, who was a prominent merchant. Arranged in long rows in a room of the clinic, they look like gymnastic apparatus of intricate design.

Dr. Charles H. Jaeger, one of the surgeons of the hospital, explained the machines would give strength to the tissues, bones and muscles of patients convalescing from operations. The principle of the system is to exercise the joints and muscles to restore them to their normal condition.

"These machines are so planned," Dr. Jaeger said, "that there isn't a joint or muscle in the entire body that cannot be exercised by one of them. The system might be called medical gymnastics, by means of which any workman who has suffered a fracture or other injury that has disabled a joint or muscle can have the stiffened joint or muscle restored to full working capacity in the shortest possible time."

The Gun Club Tournament.

Some good scores were made Tuesday, the opening day of the second annual tournament of the Sedalia Gun club, which is being held at Liberty park.

Fred Gilbert, a professional, proved winner of the day's high average, with a score of 197 out of a possible 200.

W. H. Heer, also a professional, and James Thomas, an amateur from Pleasant Hil, tied for second place, each missing only four birds out of a possible 200.

Thomas won the amateur high score.

The shoot will terminate late this afternoon, and medals will be awarded to the winners.

Clara Morris on Husbands.

It is folly to call the husband the head of the house; he is not, says Clara Morris, the famous actress, in the Housekeeper for October. It is but a courtesy title at best, since in truth, he is but an incident in the home life, while the wife and mother is its whole existence; literally the sun of domestic happiness rises and sets in the face of the wife and mother.

Not His Object.

"Do you think you can absolutely prove your theory?" asked the admiring friend.

"I don't wish to," answered the eminent astronomer; "as soon as it is absolutely proved there will be a falling off in the demand for magazine articles on the subject."

Complete Relief.

"I wonder what makes the wilds of Africa so attractive to an ex-president?" said one member of congress.

"Possibly," answered the other, "it's the fact that the villages there are not sufficiently civilized to worry anybody about post office appointments."

WOMAN SAW TOMBSTONES

From Her Window and They Caused Her to Suicide.

Pittsburg, Pa., April 21.—After living 80 years, Mrs. Elizabeth Hummel, of 4626 Penn avenue, committed suicide by taking acid.

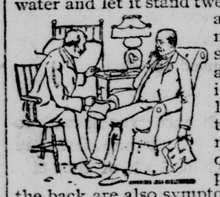
When two of her great-grandchildren went to wake her for breakfast they found her dead. It is said that the cause which led to suicide was the aged woman's belief that a cemetery on which her back window looked and a tombstone yard on which her front window looked were "both beckoning to her and hinting," as she put it.

Mrs. Hummel was twice married, her first husband having been fatally wounded at Harper's Ferry in the civil war. She left five children, twenty-one grandchildren and nine great-grandchildren.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.



What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of **Swamp-Root** is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

Home of Swamp-Root.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The Playing Urchin Was Snatched by Heroic Fireman.

Detroit, Mich., April 21.—Clutching with one hand the pilot rod of a passenger train going 40 miles an hour Fireman Frank Nemick lifted a 6-year-old child from the track just as the nose of the cowcatcher brushed the child's clothing. The child escaped without a scratch.

The train was rounding a sharp curve near Plymouth, when Nemick saw the child playing beside the track. Crawling out on the running board, he reached over and snatched the youngster from the jaws of death.

THE "NOWGUNNIES" OF INDIA.

Laborers of Powerful Physique with Whom Machinery Cannot Compete.

Recently an interesting water impounding scheme has been carried to successful completion in southern India at the Mari-Kanave gorge upon the Vedarati river in Mysore state.

When construction work was in full swing more than 5,000 natives were employed and the understanding offered a novel and interesting example of the cheapness of manual labor as compared with the mechanical appliances.

In India there exists a class of laborers generically described as "nowgunnies," or professional stone carriers, who, owing to their capacity for hard work, are in great demand for such enterprises as this. They are of powerful physique and possess considerable stamina. They will work for ten hours a day and transport from 70 to 10 pounds of stone a man. They form gangs according to the character of the work in hand, ranging from two, four, eight, 12 to 16 men a unit.

Although such transportation seems somewhat slow in comparison with the possibilities of handling plants, yet they prosecute their task very energetically and the scale of pay, ranging from 10 to 16 cents a man a day, is so low as to render such labor far cheaper than mechanical transport. Indeed, a complete installation of the latter was laid down, a cable being stretched across the gorge over the site, bringing the stone direct from the quarries on the hillsides to the site ready for setting, but this had to be abandoned owing to its being far more expensive than the "nowgunny" labor.

These men carried the masonry from the end of the railroad track connecting the site of the barrage with the quarries to its destination and placed it in position.—Scientific American.

THE POT IS NOW BOILING

AN EFFORT IN WASHINGTON TO HUSH UP THE SCANDAL IN NEW YORK

POLITICS AND SMUGGLING ARE MIXED

It Is Asserted That Several Widely Known Political Workers Are Busy Trying to Make Loeb Drop Gown Inquiry.

New York, April 21.—The government investigation of the international smuggling plot has dug so deeply that political pressure has been brought to bear on the treasury department to drop it. Not only are many Fifth avenue dressmakers and women of social standing said to be involved, but the names of several politicians, widely known both in New York and Washington, also have been mentioned.

William Loeb, Jr. collector of the port, went to Washington yesterday for a conference with the secretary of the treasury, Franklin MacVeagh. Henry A. Wise, federal district attorney for the district of New York, has been summoned to the capital on the same mission.

It was learned yesterday that the political thumbscrews were not resorted to by the smugglers until their failure to stop the government with money. First an offer of $100,000 was made to Mr. Loeb to buy back the $52,000 worth of gowns and laces recently seized. Meeting with a refusal, two men, who said they were attorneys for counsel of the owners of the confiscated finery, raised the bid to $260,000. This also was rejected.

The desperation of the smugglers was made evident yesterday by a revelation of the way in which they tried to do business with the collector's office. After the $100,000 had been repulsed someone called up Harrison Osborne, solicitor for the collector, on the telephone.

"If I am promised secrecy will it be possible for me to see that the government is reimbursed for those seized trunks?" he asked.

To this proposition the reply was that the government would not do any business, particularly of such a nature, over the telephone. Later two men, who said they were lawyers, called at the customs house and had a secret conference with Mr. Osborne. It is said that when they left they were shadowed. All the relevant facts are now in the possession of the United States district attorney, Mr. Wise, who intends to bring them before the federal grand jury. As soon as subpoenas are issued for the witneses wanted the names of the widely known persons said to be implicated probably will become known. For this reason the government is going slowly and guardedly.

"The publicity given the seizure of the five sleeper trunks and the $52,000 contents," said a high customs officer yesterday, "made considerable havoc in the last Easter parade. We had learned that at least thirty more trunks, each worth at least $10,000, were on their way but as soon as the news got out not one of these trunks left France.

"This shows the close business relations between the two ends of the smuggling syndicate, the one of the road and the one here. Nothing happens in New York relating to its interests that is not known immediately in Paris."

POOR IRISH BUILT CHURCHES

Hibernian Delegate Tells Audience at Dublin, Ireland.

Dublin, April 21.—At a meeting to raise funds for a new church at Rindsend, Dublin, Father P. H. O'Donnell, state chaplain of Massachusetts, who is one of the delegates from the Ancient Order of Hibernians of America, made an address, in which he said it was "the poor Irish that built the Catholic churches in the United States."

Matthew Cummings, national president of the order, declared that if following the efforts of the mission, the Catholics of Ireland were not united by next Sunday it certainly would not be his fault or Father O'Donnell's, and he added that the blame must fall where it belongs.

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break, or head off these early colds. That's surely better. That's why they are called Preventics.
Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there is feverishness, night or day. Herein probably lies Preventics' greatest efficiency. Sold in 5c boxes for the pocket, also in 25c boxes of 48 Preventics. Insist on your druggists giving you

CHURCH AS NUPTIAL BUREAU

Chicago M. E. Preacher Seeking a Husband for a Widow.

Chicago, April 21.—Any Methodist church of Chicago which will furnish a good husband for a "comely widow" will receive a reward of $200 from the woman in the case.

This announcement was made yesterday by the Rev. Dr. James Rowe, secretary of the City Missionary association of the Methodist church.

"Recently," Dr. Rowe said, "I raised several thousand dollars for a church. A woman came to me after services and said: 'Dr. Rowe, you are so successful in raising money for churches maybe you can help me in finding a husband. I'll give you $200 for the church if you do.' She assured me the offer was bona fide. Her name for the present must be kept secret.'"

The Rev. D. D. Vaughan, pastor of the Halstead Street industrial church, will act as go-between, receiving the petitions of suitors. The seeker for a mate is said to live in an aristocratic section of the north side of the city.

A Tunnel for the Statesmen.

For the convenience of statesmen a tunnel has been constructed from the capitol to the new office building just completed for the members of the house. The house members find the tunnel very convenient in keeping out of the wet and also in dodging constituents and newspaper men at the rare intervals when they wish to avoid meeting the latter. A statesman can disappear into the capitol building and emerge ten minutes later from the house office building three blocks away.

The tunnel is all nicely illuminated with electric lights, but a walk of three blocks is pretty strenuous for some of the statesmen, and they are said to be figuring on putting a trolley system in the tunnel.

German Red Tape.

A Danzig, Germany, paper tells a story of incredible red tapeism recently witnessed in that city. A fire broke out at a big sugar factory and great damage was done in a few minutes. The flames were rapidly spreading, but it was hoped that the storehouse containing 13,000 casks of raw sugar, each holding a hundredweight, might be saved, and all efforts of the fire brigade were turned in that quarter. Here, however, several custom house officers suddenly appeared and forbade the firemen to enter the warehouse, on the ground that the duties had not yet been regulated. Despite energetic opposition the officers stuck to their principles, and the whole stuff was consumed by the flames.—Baker's Weekly.

NEWLEWEDS PUT IN CAGE

They Are Handcuffed and Paraded Through the Streets.

Pittsburg, Pa., April 21.—Peter McLaughlin, jr., a paving contractor, and Gertrude B. Moeck were married February 24 last, but their friends have just found it out.

While the young couple were at their home Monday night a crowd yelling like Indians, gathered in front of the house. McLaughlin went to the door to investigate when he was pounced upon by several men, who handcuffed him and then led him to a large wagon, which supported a cage.

He was placed in the cage, and then the crowd returned to the house and took Mrs. McLaughlin out to the wagon where she was placed in the cage and handcuffed to her husband.

The wagon then was driven through East Liberty and homeward, and the young couple were compelled to stand all the way handcuffed to each other in the cage. The crowd went along some riding on the wagon and acting as guards, while the others walked, keeping up a continuous yelling.

Right to Bathe in Icy River.

When the temperature is at freezing a policeman is, no doubt, justified in concluding that a person diving into the Seine intends to commit suicide. Two Paris policemen, acting under this impression the other day, fished out of the river a man who was seen splashing about under the Pont des Arts. "Leave me alone," were the first words, "I am a free citizen, and you have no right to prevent me from bathing if I want to. I don't want to die. I am making experiments to determine the strength of my powers of resistance to the cold. Leave me alone." He then dived into the water again leaving the policemen considerably astonished, and with a wider acquaintance than ever of the eccentricities of human nature.

Natural Advantages.

"I am sorry I did not marry in South America," remarked the ostensible head of the house. "Here I see where a woman from there is telling women's clubs that in South America the wives do not object to their husband's coming in at two and three o'clock in the morning, as they do not think it is any of their business."

"Don't omit all the advantages," replied his better half, coldly. "You might recall that in South America, also, husbands can see snakes without arousing any ulterior suspicions."

RUMBLINGS OF THE RAIL

CONDUCTOR FLOYD MORELAND, OF THE FRISCO RAILWAY, MEETS DEATH.

COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources For the Benefit of Democrat-Sentinel Readers.

Floyd E. Moreland, a Frisco conductor living in Kansas City, was killed yesterday morning at Hammond, four miles north of Fort Scott, Kas.

He was on the front platform of the caboose when the train broke in two and was suddenly stopped by air.

An additional engine was being used on the rear end to shove the train over a hill, and, when the train broke in two, the rear engine crashed the caboose into a car, crushing Moreland.

He was 28 years old, single and a Scottish Rite Mason. His father, an old railroad man, was killed on the Frisco near Fort Scott some time ago.

Vice President J. M. Johnson, of the Missouri Pacific-Iron Mountain, in charge of traffic, yesterday issued a call for a conference of the Missouri lines on the state passenger rate question, to be held in Chicago on Saturday next, says today's St. Louis Globe-Democrat. The meeting is called in Chicago for the convenience of executive officers located there and it will be held in the office of Chairman McLeod of the Western Passenger association.

The meeting of general passenger agents of the Missouri lines called at the same place tomorrow by Chairman McLeod and Chairman Hannegan of the Southwestern bureau has been cancelled pending action of the executive officers.

SALOON THOUGHT NO. 126.

In Edwards county, Illinois, there has not been a licensed saloon in operation for over thirty-five years. The clerk of the circuit court testifies that during that time the Edwards county jail has not averaged one occupant a year. The county has sent but one man to the penitentiary. He was sent up for killing his wife, while drunk on whisky obtained from a licensed saloon in an adjoining county. An Illinois daily newspaper, with no sympathy for prohibition, nevertheless has commented on this as follows: "Its jail tenantless, with not a criminal case on the court docket, and not a saloon within its limits, Edwards county may well lay claim to be the moral banner county of this country. Withal, it is one of the most prosperous counties of Illinois."

Pleaders for the liquor business try to get you to think that the jails and courts are continually loaded where the saloon is not present to quiet things, and hold the people down from violating the law.

Out a... Politics.

Newspaper men in a large city of the middle west have had a difficult time trying to elicit political information from a certain politician in that town, who, in answer to all questions invariably offers the stereotyped response: "I am out of politics."

Inasmuch as the man is an important figure in the local political turmoil, this response is not taken seriously by the interviewers; to whom, indeed, its repeated utterance has become a trifle monotonous.

Not long ago a veteran reporter succeeded in gaining the presence of the politician, to whom he put the query: "What's going on in politics?"

"Oh, I'm out of politics," was the answer.

"That's understood, of course," quickly responded the scribe. "Would you mind letting us know what progress you're making toward breaking in again?"—The Sunday Magazine.

Leak in Gas Pipe.

"I cannot understand how you escaped blowing yourself up," said the older housekeeper to the young one, as she rushed out to learn the cause of a somewhat sharp explosion. "Don't you know better than to hunt for a leak in a gas pipe with a lighted match?

"Let me tell you a secret my grandmother taught me years ago. Paint the pipe with a thick soapsuds, and where there is a leak the escape of gas will blow up soap bubbles about the crack.

"Quite simple, isn't it, but it will save you a bad start to your nerves if not explosions that are dangerous."

A Dramatic Suicide.

A novel, but grewsome, method of suicide is that of Lieut. Stanwekicz, Galicia. He saturated the furniture of his room with naphtha, which he also poured over the floor, and he placed on the carpet a number of ball cartridges. Then he fired the room in several places, so that in a few minutes it was converted into a veritable furnace, and finally hurled himself into the midst of the flames. The smoke and a series of violent explosions alarmed the neighbors, who hastened to help in extinguishing the fire, but when it was possible to enter the house only the ashes of the lieutenant were to be found.

The American Voice.

Whatever be the cause, it is a fact that American men no longer seek to control the pitch of their voices as the gentlemen of the old school were taught to do. Undue haste, excessive nervousness, and a vigor of purpose that is likely to assert itself in an overemphatic manner have probably combined to produce in the American voice that raw, shrill, unrestrained quality so noticeable. The voices of American women are even more shocking when heard in contrast to the low, well-modulated voices of European women.—Washington Post.

FOR STATE FAIR, $81,000

THIS IS RECOMMENDATION OF APPROPRIATIONS COMMITTEE OF HOUSE.

FACES REVENUE DEFICIT OF $902,067.06

Lloyd Announces Appropriations as $9,302,067.06; Income $8,400,000 —Special May Swell Loss to $3,868,731.26.

Jefferson City, Mo., April 21.—Chairman Hiram Lloyd, of the house appropriations committee, announced last night that the appropriations for the maintenance of the state government in its various branches during the years 1909-10 would total $9,302,067.06.

This is $902,067.06 more than the available revenue for the next two years, which, according to the estimates of State Auditor Gordon, will aggregate in round numbers $8,400,000. The figures contained in the regular appropriation bills do not include the special appropriations, provided for in bills now pending in the house.

These latter total $2,966,664.20, and if allowed will increase the deficit during the next biennial period to $3,868,731.26. Only legislation creating new sources of revenue can prevent the impending shortage. There is now in the state treasury approximately $4,150,000 which, according to attaches of that department, is practically all of the revenue that will be received this year, excepting about $200,000 that will come in by July 1.

Thus far the legislature has shown but little inclination to provide means of increasing the state's revenue. With less than three weeks remaining of the present regular session of the legislature there is apparently little hope of forestalling the difficulties that confronts the present administration.

University Suffers Most.

The pruning knife was mercilessly used by the members of the house appropriations committee. The state university suffers most. The curators of this institution asked for $1,592,000. The legislative junketing committee recommended an appropriation of $1,070,000 for the university.

The house committee places the Columbia school's allotment at $844,740.68. Of this sum, $300,000 is appropriated for the institution's support, $426,000 for improvements and $118,740.68 to cover a deficit existing at the end of the last biennial period. No special appropriation is made for the school of journalism, as was requested, and if this department is to be continued it will have to be supported out of the institution's curtailed apportionment.

The attorney general's office is well cared for by the appropriations committee. The total contingent appropriation for the chief of the legal department is $75,000. Governor Hadley also fares well at the hands of the house committee. A $1,000 horse and surrey are among the improvements provided for the executive mansion.

Of the appropriation for the attorney general, $35,000 is allotted for the prosecution of the appeal to the United States supreme court of the 2-cent fare and maximum freight rate cases. He gets $3,500 to continue the fight against the Standard Oil company in the state supreme court; $2,000 to defend the validity of other railroad laws; $7,500 to enforce the anti-trust laws, and other appropriations to prosecute the harvester and lumber trusts.

$9,000 for Rate Case.

An echo of Judge Smith McPherson's adverse ruling in the United States circuit court of Kansas City in the 2-cent fare and maximum freigat rate cases is found in the appropriation of $9,000 to pay the state's share of the cost of that litigation.

In all, $21,600 is appropriated for improvements of the governor's residence and the state capitol. This includes the construction of a new kitchen and the repairing of the roof.

The benefits of the hog cholera preventative discovered by the agricultural department of the state university is recognized by an appropriation of $10,000 to carry on this work. The national guard gets $150,000, the naval reserves $8,000, and $10,000 is set aside out of the collateral inheritance tax to permit the cadets of the state participating in the military display at the Alaska-Yukon-Pacific exposition at Seattle this summer.

The state fair at Sedalia gets an appropriation of $81,000, and in addition to this sum is granted the right to retain all moneys received and collected from the sale of privileges and entrance fees and from all other sources of the fair's income.

The state road fund of $500,000 is apportioned among the various counties and the cities of St. Louis. The revision of the statutes takes another $50,000.

State Institutions Cut.

The appropriations of all the state educational and eleemosynary institutions are far below the demands made by the institutions, as well as less than the sums recommended by the legislative junketing committee in its report.

Every institution had a deficit during the last two years, each of which is covered in the deficiency bills.

Two of the appropriation bills were introduced in the house today, one covering the general appropriations and the other relating to the educational demands of the state. The eleemosynary appropriations bill will be introduced tomorrow.

Though appropraition bills must, under the law, originate in the house, they take the same course as other legislation, and are subject to change in the senate, as well as on the floor of the house.

The Recapitulation.

Following is a recapitulation of the appropriations made:

BELLBAR NO. 37180

Race Record, 2:16¾

Own brother to Bizzy Izzy, 2.13¼; sired by the popular western sire Escobar, 2.13¾, sire of 8 standard performers, and a son of the Great Expedition, 2.15¾, sire of 66 with records from 2.07¼ to 2.30. I have purchased Mr. Carpenter's interest in this horse and he will not be offered for sale. But will be kept here in Sedalia. I will make a brief season with him this year, limit him to 20 mares and prepare him to race for low record. His sire, Escobar 2.13¾ will have out 4 2.10 trotters this season, which will make him one of the leading sires of the west, and will put an added value upon each colt sired by his son. Bellbar is sound and in better form than ever, and there is no question as to his speed or gameness.

GREAT GAME ON A VESSEL ON ATLANTIC

Players, Who Drew One Each Without Bettering, Agreed to Play With a Card Missing, Like True Enough Sports.

New York, April 21.—It was a great engagement, one fit to be engrossed in red and black upon the annals of the national game for testing eye, wrist, facial expression and judgment.

Many are the marvelous and truthful tales related of events in the smoking room of ocean liners, but this, as told by Jacques Pierre, the veracious table steward on the Savoie, of the French line, which arrived last Saturday, was one grand approach to the verge of limit. Incidentally, in a way, it was history, being the only time when a certain famous hand won on a bona fide show-down.

Jacques Pierre in telling the story, cautiously drew the veil of charity over the names, but referred to the two passengers chiefly concerned as "Monsieur Myay" and "Monsieur Weeliam."

The former lives in New York and the latter in London. At present he is on the grand tour, and still, according to Jacques Pierre, he cherishes one fond hope, namely, that he may yet be able to instruct some benighted American in the art of draw poker.

On this occasion it was Monsieur Myay who, among others, sat at the feet of wisdom and fed him chips. It was a perfectly friendly game, $1 to play, and Jacques Pierre discreetly watched from the other side of port for the proper moment. His account, without the ornaments, follows:

One of the six about the table opened the pot and Messieurs Myay and Weeliam, who sat side by side, both raised a few times, until opener and others dropped. A Californian was dealing. When it came to the draw each asked for one card. The Californian slid a card to Monsieur Weeliam, who glanced quickly at it and said:

"This is no use to me," with a pleasant smile.

Monsieur Myay also glanced at his card, when it was dealt to him and said:

"This is no use to me," with another pleasant smile.

More in jest than in earnest the Californian offered to deal each gentleman another card. Both being willing, he did so.

"This is no use to me," said Monsieur Weeliam.

"This is no use to me," echoed Monsieur Myay.

So, with the consent of both, the Californian dealt another card to each. The operation was repeated three times more, when, neither player being satisfied, the Californian suggested that, since the cards would not come, they had better play the hand on a four-card basis. Both agreed to this, stating clearly that they would play on the four cards as they would on five.

Mr. Weeliam bet and was raised. He saw the raise and raised again. Still his opponent boosted and still he followed. There was $40 on the table when M. Weeliam called. He showed three kings and a deuce.

And M. Myay laid down a four flush and took the money.

According to Jacques Pierre, who nearly wept as he finished, it certainly approached the verge.

FOR $25,000 DAMAGES

Parents of Insane Murderer and Asylum Officials Are Sued.

Norfolk, Va., April 21.—In the Catawba (N. C.) county court Wallace Bollinger has entered suit for $25,000 against the parents of Lon Rader and the authorities of the state institution for the insane.

Lon Rader stabbed Miss Willie Bollinger to death in church last summer. He had previously been confined in an asylum and was released as cured.

The girl's father claims the parents knew of their son's condition, and the authorities were negligent in permitting him to run at large.

People buy Billiken and set him on their desks and on their mantels, and in their dens and send him to friends; also for favors at parties and cotillions, as prizes at whist and euchre. The only place you can buy this god of good luck is at West's Book Shop.

ACCIDENT WON A BRIDE

The Couple First Met in the Adirondack Mountains.

New York, April 21.—The marriage of Frank Bernard York, son of ex-Police Commissioner York, and Miss Genevieve Marie Daly, daughter of former Commissioner of Public Works Daly, took place today at St. Stephen's church. This is the culmination of a romantic incident.

Mr. York and Miss Daly met first in the Adirondacks three summers ago. One afternoon Miss Daly was riding horseback with an uncle on a mountain road.

They came upon a young man, unhorsed, at the side of the road. The uncle recognized Mr. York and gave him assistance. The acquaintance begun that day between Miss Daly and Mr. York grew into friendship and then into love.

WIFE STAYED OUT LATE

When Driving With Different Men, and the Husband Got Divorce.

Evansville, Ind., April 21.—Aaron Wilson, a well known young horseman and showman of this city, has been granted a divorce from Margaret Reitz Wilson, aged 16 years, whom he married a few months ago. The divorce was secured in the absence of his wife in Chicago.

Wilson told Judge C. A. De Bruler, who tried the case, that his wife often went riding at night with different men and stayed out late.

One of the sisters of the divorced wife recently married Attorney Bays, of Sullivan, Ind., who is a member of the board of trustees of the Southern Indiana insane asylum.

JNO. T. McCUTCHEON DREW CARTOONS FOR HIS AUDIENCE IN COLUMBIA.

PEOPLE SCRAMBLED FOR PRODUCTIONS

The Chicago Tribune Artist Told of Time a Special Train Was Chartered to Take Cartoons to Paper.

"I have been observing you people since I came to town and now I will draw you what I saw," said John T. McCutcheon, the cartoonist, at the close of a lecture in the auditorium of the University of Missouri Friday night, according to the University Missourian. Then Mr. McCutcheon made a few "rapid passes" on a large sheet of paper, put a dot here and there, touched it with some colored chalks, and a crowd of students were "Hegiring," not to the woods, but to Booche's pool hall.

Tearing this cartoon off and throwing it aside the cartoonist made some more rapid movements and produced the University of Missouri Yacht club posing for its photographs—"to be put in The Savitar," as Mr. McCutcheon explained. The audience was pleased apparently by seeing itself as others see them and insisted on having more pictures. A few more swift strokes and Read Hall, an "overdressed" roomer of that place, and a group of legislators inspecting her, was before the audience. One of the legislators was made to remark: "She dresses too expensively."

Next came a cartoon of Captain Joseph Frazier, "with abject apologies," written on it.

At the close of the lecture there was a rush for these and about a dozen other cartoons drawn.

"A cartoon is a specially prepared kind of breakfast food," said Mr. McCutcheon in his lecture. "Most cartoons are first seen at the breakfast table and for that reason they should not contain anything that would spoil a person's breakfast. A cartoonist has two great problems before him. The first and most important one is the problem of ideas. Where can he get an idea for cartoons? Sometimes they come in a flash, but more often they have to be deliberately reasoned out. The leading story in the day's paper is usually the basis for a great majority of the cartoons. The second problem is to make it timely. If it is graduating time, why something about the way students prepare for graduation is a good subject."

"The technique of the drawing is not very important. A correctly drawn thing is not humorous. It is the caricature of the person or thing drawn that makes it humorous. A cartoonist must have a vast knowledge of details, as it is often the exaggeration of some little detail of dress, such as the tying of a ribbon, that makes the cartoon funny."

"In choosing our people for the cartoon, we never draw anything that will arouse race prejudice. None of the races such as Germans, Swedes and others, are ever put in cartoons in such a way as to offend them as a class. And then we make it a rule never to draw anything that will offend the advertiser or cut down the circulation list. Religion, The Deity, or wives and children of public men are never brought into the cartoons."

"Some persons may wonder what my paper does for cartoons while I am away; I usually draw some in advance or send them in by mail. I remember one time I was at Lake Geneva, seventy-two miles from Chicago. I had to get a cartoon to my paper for the Monday's edition. I gave it to one of my friends with instructions to mail it Saturday with a special delivery stamp.

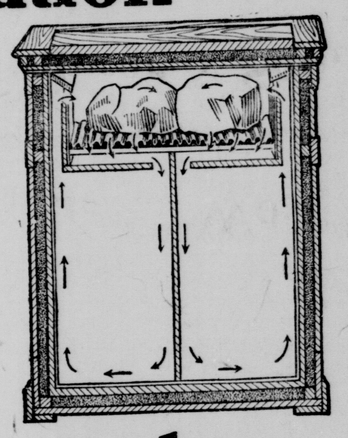
"I was resting easy Sunday, when a long distance telephone call came to hurry up the cartoon for Monday's paper. I went over to the postoffice and there was the cartoon which had never been mailed. It was sent by messenger to a station some miles distant as there was no train out of Geneva in time to catch the paper. The messenger missed the train at the other station and brought the cartoon back. I did not know what to do. Suddenly I had an idea. I at once telephoned to the depot and asked if a special train could be made up to go to Chicago that night. After some little delay the train was made up and my cartoon was on the way. Just one hour after my cartoon was in the office it was on the forms. This will give you some idea of how fast things are done around a newspaper office."

The audience which heard Mr. McCutcheon was one of the largest that has attended any lecture on the Y. M. C. A. course.

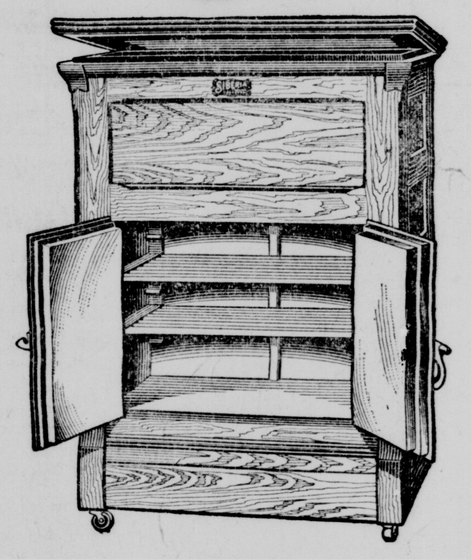
Ed Carl guarantees "S" and "Vigoral" flour.

A Refrigerator With Double Air Circulation

Look at this sectional view of a "Siberia" Refrigerator and see how superior it is to the common kind. See how the chilled air settles down through the center of the provision chambers, over and around everything stored in it, and then, when slightly warmed, rises on both sides, thus creating a *double air circulation.* This is a principle peculiar to the



"SIBERIA" Refrigerator



and one which doubles its efficiency, because, the more rapid the circulating air current, the quicker food odors are carried to the ice chamber to be absorbed by condensing vapor and carried off through the drip pipe—something which is absolutely essential to the proper cooling and preservation of food.

The "Siberia" Refrigerator is built of choice northern ash, triple walls, air-tight and charcoal-lined, sides and bottom. Interior is zinc-lined and soldered. Trimmings are solid brass, nickeled. Shelves are metal and adjustable. Castors are ball-bearing and self-retaining. Entire construction is solid and substantial. All in all, the "Siberia" is the most satisfactory refrigerator on the market.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued.

Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good." It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing *only*, and he will send you a *free* copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R.V. Pierce, Buffalo, N.Y.

VIRGIL CONNER, SLEUTH

TRAIN AUDITOR ON THE "KATY" DETECTS TWO BURGLARS WHILE AT WORK.

BOTH WERE CAUGHT "DEAD TO RIGHTS"

Given Fifteen Years Each in the Penitentiary—Mr. Conner Gets a Watch Worth $100 and a Check for $40.

From Wednesday's Daily.)

Virgil Conner an M., K. & T. train auditor, running between Sedalia and Parsons, Kan., is the recipient of a check for $40 and a handsome gold watch, valued at $100, presented to him in appreciation of his services leading to the arrest and conviction of two jewelry store robbers at Parsons, Kan., on Feb. 1, last.

The check was presented to Mr. Conner yesterday by the Jewelers' Security alliance of New York City, while the watch was received last Friday from the Parsons, Kan., jeweler, whose store was being robbed when Mr. Conner portrayed the role of a "sleuth."

On the date mentioned Mr. Conner was passing Pfeiffer's jewelry store, in Parsons, during the early morning hours. He espied two men inside. Watching their actions, he discovered their plan to rob the place, hence called assistance.

A young man in the locality responded, and, pursuant to Mr. Conner's request notified the night police.

They in turn notified the proprietor of the store, who entered his place of business. The men were caught in the midst of their work, having packed about $4,000 worth of jewelry which they were preparing to carry away.

The prisoners, Lewis Sanderson and John Miller, the latter a negro, were each given fifteen years in the penitentiary recently.

HONOR FOR OUR HIGH SCHOOL

Contained in Report of State Examiner J. D. Elliff.

Supt. J. P. Gass, of the public schools, has received announcement from J. D. Elliff, of Columbia, state examiner of high schools, that the Sedalia High school has been added to the list of accredited schools of the North Central Association of Colleges and Secondary Schools.

There are only seventeen High schools in the state which bear such recognition.

The association aims to accredit only those schools which possess organization, teaching force, standard of scholarship, equipment esprit de corps, etc., of such character as will unhesitatingly commend them to any educator, college or university in the North Central territory.

DEATH OF MRS. BROADDUS

She Was the Mother of Dr. B. E. Broaddus, of Sedalia.

(From Wednesday's Daily.)

Mrs. Irene Broaddus, wife of C. D. Broaddus, a farmer of four and one-half miles southwest of Bunceton, died very suddenly from heart disease at her home at 10:30 o'clock last night.

She leaves four children, among them being Dr. B. E. Broaddus, a prominent dentist of this city.

Mrs. Broaddus was about 60 years old and had not been ill a day. She belonged to the Presbyterian church at Bunceton, at which place funeral services will be held tomorrow. Burial will be made near Bunceton.

Dr. Broaddus received a telegram at 11 o'clock last night, announcing his mother's death, and left for that place this morning.

Sister's Store Was Burned.

(From Wednesday's Daily.)

Mrs. L. E. Johnson is visiting at Warrensburg, where, last Monday morning, the millinery store of her sister was consumed by fire. Mrs. Johnson may go to Kansas City with her sister to purchase a new stock of millinery.

Is the Prisoner the Forger?

(From Wednesday's Daily.)

John Booker, a negro, occupies quarters in the county jail, pending investigation by Prosecuting Attorney Dow as to whether he is the individual who passed two forged checks on North Sedalia grocers last Saturday night. A check similar to one of the two passed was found on Booker's person, but he says it was given to him. Prosecutor Dow is inclined to think Booker is an innocent man.

Death of William Miller.

(From Monday's Daily.)

THEIR GOAT IN TRAINING

SEDALIA CAMP, MODERN WOODMEN OF AMERICA, TO INITIATE A CLASS.

WILL HAVE THIRTY CANDIDATES ON MAY 6

In Celebration of the Event An Elaborate Program Will Be Rendered—Some of the Several Special Features.

(From Wednesday's Daily.)

Some time ago the members of Sedalia camp No. 5570, Modern Woodmen of America, set to work to secure a class of twenty-five applicants for initiation May 6.

At their last meeting, having had such good success, they raised their limit to thirty, and at their meeting tomorrow night will have their full class secured, among whom are a number of the most prominent business and professional men of Sedalia.

In celebration of this event an elaborate program will be rendered, followed by refreshments and a smoker, and prominent Woodmen from surrounding towns will be present.

Their special program at the last meeting proved so satisfactory to the large number of members present that another will be rendered tomorrow night.

Anent the activity of the suffragettes throughout the country, the question, "Resolved, That the Modern Woodmen should admit ladies to membership," that will be debated by two bachelor members, will doubtless afford a lot of amusement.

To a well known ex-county official has been assigned the question, "Can an honest man successfully follow politics as a business?"

There is no politics in this order, hence no partisan significance in the question, "What is the most valuable known metal, and why?" that has been referred to a popular young machinist.

PRETTY HOME WEDDING

THAT OF MR. FRED K. HARRIS AND MISS BERTHA BLAKEY AT PILOT GROVE.

REV. GEORGE TRYON EDDY OFFICIATED

Bridal Couple Departed for a Trip Through the East—Were Many Beautiful and Valuable Wedding Presents.

(From Wednesday's Daily.)

An unusually pretty wedding was solemnized at Pilot Grove at 8:45 o'clock this morning, the nuptials uniting two of the most prominent families of Cooper county.

At the hour stated, at the beautifully decorated home of Mrs. A. C. Harriman, a cousin of the bride, Mr. Fred K. Harris claimed as his life helpmate Miss Bertha Blakey, the ceremony being said by the Rev. George Tyron Eddy, of Huntington, Long Island, in the presence of only the immediate relatives of the contracting parties.

After a sumptuous wedding breakfast the bridal couple, who were the recipients of numerous beautiful and valuable presents, departed for a honeymoon trip through the east, at the conclusion of which they will return to Pilot Grove and engage in housekeeping.

Mr. Harris is a son of Col. E. H. Harris, sr., the founder of the Pilot Grove bank, and was born and reared there. He is employed as bookkeeper in the bank, his brother, E. H. Harris, jr., being the cashier, and no young man in the county is held in higher esteem.

The bride is a daughter of the late Col. Blakey, and is a truly beautiful and accomplished young woman, whose friends are limited by the number of her acquaintances only.

In fact, the universal verdict is that no more popular couple ever joined fortunes in grand old Missouri, and a legion of friends will join the Democrat-Sentinel in extending congratulations and best wishes for a long life of wedded bliss.

A QUALIFIED STATEMENT REGARDING 1912 FROM THE COMMONER.

THREE HUNDRED PERSONS AT BANQUET

In an Address to the Young Men's Democratic Club the Nebraskan Declared He Would Always Be in Politics.

Kansas City, Mo., April 21.—"While I hope my party will not find it necessary to call for me as a presidential candidate in the next campaign, I make the emphatic statement that I have no intention of retiring from politics. I began to fight for democratic principles long before my party heard of me, and as I live I shall continue it as long as I have strength."

This statement contains the only references to 1912 made by William Jennings Bryan in his address on the subject "Democracy," at the first annual banquet of the Young Men's Democratic club at the Coates house last night.

Mr. Bryan enumerated a number of reasons for the defeat of his party in the last campaign, referred with some warmth to promises by the republican party, especially concerning tariff revision, and listed a number of good works accomplished by the democratic party, in spite of its recent defeats. The banquet hall was filled by more than three hundred persons.

Departed at Noon for St. Louis, and On Their Return Will Have Apartments at the Home of Mr. and Mrs. Herold.

(From Wednesday's Daily.)

Casper W. Krumm, a Missouri Pacific bridge and building official, and Miss Hattie Burce Gold, daughter of Mr. and Mrs. John L. Gold, were united in wedlock by the Rev. A. W. Kokendoffer, pastor of the First Christian church, at the home of the bride's parents, 206 East Fifth street, at 11 o'clock this morning.

The residence, especially the room where the ceremony occurred, was prettily decorated with ferns, palms and pink and white carnations.

Miss Inez Ellison played the wedding march. The bride and groom were unaccompanied.

Immediately after the wedding a sumptuous dinner, consisting of chicken salad on lettuce leaves, sandwiches, olives, sweet pickles, coffee, ice cream and cake was served.

Escorted to the depot by a large number of friends, Mr. and Mrs. Krumm left on the noon train for St. Louis to spend their honeymoon, and on returning here will be at home to friends at apartments at W. W. Herold's residence, on West Seventh street.

The wedding was witnessed only by relatives and a few intimate friends.

Mr. and Mrs. Krumm have legions of friends in Sedalia, who will read of the event with pleasure.

AT THE CITY'S EXPENSE

The Tracks of the Street Car Company Will Be Raised.

(From Wednesday's Daily.)

The members of the street and alley committee of the city council and attorneys for the Sedalia Light and Traction Co. held a conference Tuesday night to decide the matter of raising the street car company's tracks on Third street, between Lamine and Hancock avenue, which thoroughfare is soon to be paved.

Years ago, when Third street was paved, the grade was established by the city engineer, and in accordance with the grade the street car company laid its tracks at a certain depth.

When the matter of repaving was again brought up the street car company refused to raise its tracks a height of two inches to conform to the new grade, and by agreement of the street and alley committee the tracks are to be raised at the city's expense.

SHOOTS DIVORCED WIFE

TENNESSEE MAN WAS DEAF TO KNEELING WOMAN'S PLEA FOR LIFE.

FATHER AVERTS A LYNCHING AT MEMPHIS

H. F. Deeson, Separated from Wife, Fires Three Bullets Into Victim Who Tried Flight When Mercy Was Denied.

Memphis, Tenn., April 21.—After shooting his kneeling wife, Hardiman F. Deeson was barely saved from lynching at Bartlett yesterday, and landed in the jail at Memphis.

The father of the woman pleaded with the infuriated neighbors, who had rushed to his place with a rope to let the law take its course, and the arrival of Sheriff Monteverde prevented mob violence.

One year ago yesterday Deeson was shot by Mrs. Deeson while attempting to break into the house to see his three children.

After his recovery he disappeared, and for eight months nothing was heard from him. Divorce proceedings were pending at the time, and a decree has since been granted Mrs. Deeson.

When Mrs. Deeson went to her barn yesterday morning she discovered her divorced husband in hiding there.

"I have come to kill you," was his greeting.

Mrs. Deeson fell on her knees and pleaded for her life, but, finding words would not prevail, attempted flight.

Deeson shot three times, one bullet landing in the back of his wife's head and two in the abdomen. One of the latter was deflected by a corset stay and the other, which broke the hip, the physicians say, will not necessarily be fatal.

Deeson fled, and about noon was captured a mile and a half from the scene of the tragedy. Following an exciting scene at Bartlett, Deeson was placed in Sheriff Monteverde's automobile and brought to the Memphis jail.

Mrs. Deeson was conveyed to a Memphis hospital, where every effort is being made to save her life.

Deeson is the son of a wealthy planter at Lake Providence, La., and Mrs. Deeson is the daughter of John T. Ellis, a contractor of Memphis, and is related to many prominent families in this county.

AFTER THE "TAX DODGER"

The Board of Appeals Will Hold Meeting Monday.

(From Wednesday's Daily.)

Tax dodgers of Pettis county will receive little sympathy from the board of appeals, which meets next Monday.

Heretofore many property owners, who have had their taxes increased and later decreased on their "hard luck" stories, have denied certain statements made before the board of appeals, but this year a stenographer has been engaged to take down every statement made by those protesting against an increase, hence there will be no need denying anything.

Miss Mayme Shipley has been engaged to act as stenographer while the board is in session, beginning next Monday.

Mrs. Phelan Very Ill.

(From Wednesday's Daily.)

Mrs. Ben Phelan, who gave birth to a daughter at her home on East Tenth street yesterday morning and was seized with convulsions afterward, was resting easier this morning, although she is still quite ill.

FREES GIRL 'MID TEARS

JUSTICE BLANCHARD, IN SYMPATHETIC WORDS, RELEASES YOUNG WOMAN.

SAYS SARAH KOTEN IS NOT A CRIMINAL

Young Woman Clutching Babe to Her Breast Told She's More Sinned Against Than Sinning—Jewish Women Aiding Her.

New York, April 21.—Sarah Koten, the young Russian Jewess, who shot and killed Dr. Samuel Auspitz, whom she accused of drugging and betraying her, and who last week pleaded guilty to manslaughter in the first degree, went out of the criminal branch of the supreme court a free woman last afternoon.

In one of the most impressive scenes ever witnessed in the gloomy criminal courts building, Justice Blanchard, who had investigated the case thoroughly, suspended sentence on the young woman and she was turned over to the Society for the Protection of Jewish Women, who took her at once out of New York to a country retreat, where she will be given an opportunity to recover her health and reason and take care of her child.

There were some eighty women present in the court room when Sarah Koten was led into the prisoner's box. She carried her baby close against her breast and gazed with frightened eyes at the stern, robed justice as he took his seat.

There was a pause and then the justice began to speak in a low voice that at times seemed to catch his throat.

"I have carefully examined every feature of this case," he said, "and I have come to the conclusion that this woman is far more sinned against than sinning. It is very plain that she is not a criminal at heart. When she fired the shot that ended the life of her betrayer, there was no criminal intent in her heart. She had been so crazed by her terrible experience that she did not know what she was doing.

"No woman who was ever enticed into a brothel has suffered more than she has and no woman ever had such a terrible advantage taken of her. Justice in this case demands that she be punished no further. Sentence is hereby suspended and this defendant is turned over to the Society for the Protection of Jewish Women."

There was prolonged applause as the justice concluded and then the women in the court room crowded about the freed girl and kissed her. She was led through the crowd and hurried into a waiting carriage, being taken to the Grand Central station, where a train was boarded for the north.

Her destination was not revealed other than that it was a quiet country place, where she can care for her baby and be cared for herself.

ALLEGED CAR BURGLARS

Got Off With Fines of $10 and Costs Each Here Today.

(From Wednesday's Daily.)

J. J. McCrone, William Crupper and J. L. Phillips, who were arrested at Nevada recently for having burglarized an M., K. & T. merchandise car, and who were returned here to face trial, were arraigned for preliminary examination before Judge F. W. Clark today.

Judge George F. Longan and R. A. Higdon represented the prisoners, and H. D. Dow conducted the case for the state.

The defendants' attorneys proved that nothing had been stolen from the car, and by agreement with the prosecuting attorney the prisoners were permitted to plead guilty to malicious trespassing on the M., K. & T. right of way.

In accordance with the recommendation of Prosecutor Dow, each of the three was fined $10 and costs, which they arranged to pay.

DEMOCRATS SHOULD STAND TOGETHER.

It is gratifying to learn that the republican majority in the senate for many of the items in the tariff bill is so small that united action by the democrats will prove most effective. The senate substitute for the Payne bill contains many duties which mean nothing short of robbery of the consumer for the benefit of the trusts and already over-protected manufacturers.

Fortunately, there are a number of republican senators, who, if assured that they can count on the undivided support of the democrats, will rebel against the excessive protection. Under these conditions the fate of the consumers rests with the minority

The frankly avowed policy of the republican leaders is to grant certain "sops" to the democrats and thus divide them so that a coalition between the disaffected members of the majority and the minority senators will be an impossibility. It remains to be seen whether Senator Aldrich has gauged aright the breadth and statesmanship of the democrats, whether they can really be purchased with a few crumbs of protection to the industries in their respective states, or whether, as we fondly believe, they will rise to that level of statesmanship and patriotism which will lead them to stand above petty and local considerations and vote as a unit against the oppressive schemes of the representatives of the interests.

GOVERNMENT VERSUS SPECULATORS.

The most extraordinary thing about the sensational corner in wheat is that it should involve the national government in a dispute with a set of Chicago speculators as to how much wheat there is in the country and whether the present prices are legitimate.

Secretary Wilson, of the department of agriculture, denies there is any such scarcity of wheat as to warrant the high prices now prevailing. He says there is wheat enough in prices for all its people until the new crop comes in. He denounces the situation on the Chicago board of trade as a conspiracy to extort money from the consumers.

The secretary says it is a gambling movement, pure and simple; a manipulation of the market. The speculators, for whom James Patton is the spokesman, assert that the rise is natural; that it is due to the law of supply and demand and that there is a shortage which not only justifies existing high quotations, but will force them up still higher.

Most persons will accept the word of the secretary of agriculture in preference to that of Patton. It is true, as the latter asserts, that the government's estimates as to crops and crop conditions are not always accurate, but it is also true that they are always conservative and never purposely exaggerated.

The department of agriculture obtains its information on which estimates are figured from the farmers throughout the country. The data is collected from every wheat raising county in the United States. No one will claim the source from which it is gathered is infallible. It would not be possible to obtain a strictly correct estimate of crops or grain supplies by any method in time to make it of value. The government reports are, however, reasonably near the facts, as statistics have proven, and they have the additional merit that they are conservative.

The reports of the Chicago Board of Trade, on the other hand, is influenced and have no pretensions to accuracy or truth. Vaporings and rumors from far off localities and countries and the wildest imaginations of deliberate fakers are the foundations of speculation. They are essential to its existence; they are indispensible to its acrobatic specialties. They emanate from thin air; from nowhere; in fact, the less tangibility they possess the better suited they are to the purpose. Usually the reports which "start things" in the wheat pit are about as reliable as April weather conditions.

Secretary Wilson is right in denouncing the corner in wheat as being speculative. It is worse than that; it is a gambling operation to get rich on nothing at the expense of the nation's consumers. Unfortunately, there is no law, and there does not appear to be the possibility of law by which the condition can be reached.

HOW ABOUT THIS THING?

Is this country losing its democratic ideals?

We are moved to ask this question by the reports from Washington that it is almost impossible for Mr Taft to attend church on Sunday without being almost mobbed by curious throngs of sightseers on the streets of the national capital.

On Easter morning a great concourse of people who gathered outside of St. John's church, where Mr Taft attended services with his wife, practically compelled the president to stop and hold an open air reception before he could return to the White House.

We have always been ready to ridicule the English, who make fools of themselves over their royal family, standing on the streets for hours to see its members pass by and cheering themselves hoarse on such occasions, but if we are not careful we will give the British press a chance to indulge in no end of sarcasm at our expense. Moreover, such conduct is undemocratic and un-American and there appears to be little excuse for intruding to such an extent on the privacy which even the president ought to be permitted to enjoy one day of the week.

Tuberculosis

THE GREAT IMPORTANCE OF ITS EARLY DIAGNOSIS.

MANY SUFFER FROM THIS DISEASE AND ARE NOT AWARE UNTIL TOO LATE.

The number of persons who are daily carrying around with them the germs of this most dreadful of all diseases are almost legion. The farther and farther the great scientist of the day progress in their investigations of these poisonous elements that are threatening to depopulate the earth, the more amazed and appalled they become at their startling discoveries. They, one and all, concur in the fact that the ordinary method employed by the average physician in waiting until some of the vital organs are attacked, is lamentably weak, and radically wrong. They strongly advocate the revolutionizing of the whole field of medicine as practiced today, for it is entirely too broad and complicated for any one mind to master. They recommend specializing each branch, for it is the specialist who devotes all his time to a particular class of conditions that produces results that is in keeping with the advancements and evolution of the world.

For the benefit of those who are interested in the subject, The Dr. Camp Medical Co. herewith presents a few of the many symptoms that are very indicative to the trained specialist that a neucleus of this disease is hidden away in some of the deeper structures of the body and only await a favorable opportunity to attack the Lungs or some other vital organ. This is what is called closed Tuberculosis or the masked variety. The early symptoms of this class of cases is a disturbance of the circulation of the nervous system of digestion and assimilation. The face frequently changes color; they are easily excited, are tired in mind and body, have little appetite, restless at night, bowels may act irregular, with irregular or painful menstration in the female, associated with brittleness of the nails, dryness of the hair and skin; they become irritable with a very inconsistant pulse rising from 70 to 100 or more on the least bodily or mental excitement. A microscopical test of the blood and other secretions shows to the expert the unmistakable signs of tubercular destruction. Such cases if unchecked usually continue until a complete breakdown occurs when nature tries to eliminate the poison with a cough attended with all the pronounced symptoms of quick consumption. If the early history of some of the causes are inquired into, we find that some time in the past they had an attack of malaria which was in truth the beginning of Tuberculosis, the same applies to spells of pleurisy, and last, but not least, the after affects of the "Grippe," which is unfortunately a frequent cause. Tuberculosis of the throat, enlarged tonsils, the stomach, the bowels, and the enlarged glands of the neck are all varieties of this class of cases with varying symptoms according to the progress of the disease. Many cases present themselves with Tuberculosis written all over them, whose blood tests show they have reached an advanced stage of the disease unnoticed. This applies most especially to children and young adults. Another class of cases begins with a hacking cough or more or less catarrh of the nose and throat, with an occasional pain in the chest, inability to breathe deeply without coughing, loss in weight, and indigestion, cold hands and feet, night sweats. The most important symptom in this class where there is no cough or hoarseness is loss of appetite, indigestion, brightness and enlargement of the pupil of the eye at times, particularly in the young.

The above are a few of the most prominent symptoms that should cause alarm of the existing evidence of the GREAT WHITE PLAGUE—CONSUMPTION, and if you have cause to believe that such a condition exists, or are in doubt, you should immediately seek the best medical aid obtainable ere you fill an untimely grave.

THE DR. CAMP MEDICAL COMPANY offers you the best there is in modern medical science for the cure of such conditions.

Their Famous Inhalatorium Treatment for Germ diseases has gained a wide reputation. Many come from a distance to avail themselves of this remarkable cure. Hundreds who had almost lost hope have been restored to health and are now happy and well.

TO THOSE WHO SUFFER.

Without a knowledge of your true condition you are groping in the dark. Come to our office and we will make a most thorough, searching and scientific examination of your case, free of charge, and if we find that your condition will yield to the influence of our New System of Treatment, then we will accept your case.

NEGROES MOB A WHITE

POLICE THWART THREATENED LYNCHING OF BARTENDER WHO SHOT BLACK.

GUNS HELD CROWD AT BAY IN ST. LOUIS

Riot Calls Are Sounded—Move to Take Prisoner From Officers Is Blocked by Efficient Work of the Officers.

St. Louis, Mo., April 20.—Two riot calls were turned in at the Dayton street station last night when William Holthauser, white, a bartender in the saloon of Jacob Gest, 2301 Morgan street, was in danger of being lynched by several hundred infuriated negroes, after he had shot William Cunnh[illegible]n, a negro, in the left leg. Special officers Hare and Deghan, the only officers in the station when the first call came, rushed to the scene in a patrol wagon The street was crowded with negroes and the officers were compelled to draw revolvers to get through the crowd.

Cries of "lynch him" and "kill him" were heard on all sides, and, realizing that the two officers were unable to cope with the situation, the patrol wagon driver dashed back to the station. He returned with Lieutenant Thomas Walsh. Before the lieutenant left the wagon Patrolmen Gilreith and McCoy and reached the corner, and, with their revolvers drawn, the lieutenant and the patrolmen dispersed a portion of the crowd and reached the special officers, who had locked Holthauser in a room, in fear that the maddened negroes would attempt to carry out their threats of violence.

About fifty negroes crowded around the patrol wagon when the bartender was brought out of the saloon and became so threatening that Lieutenant Walsh ordered the driver, Tom O'Hare, to charge the crowd with the team.

The trouble in the saloon started when Tom Lewis, a negro, refused to pay for a round of drinks. Lewis, who is also known as "Shine," engaged in an argument with Holthauser, which culminated in an attempt on the part of the bartender to eject the negro. Cunningham, according to the police, interfered and attacked Holthauser with a bottle. The bartender defended himself by shooting Cunningham in the left leg. The wounded man was taken to the City hospital. His condition is not serious. The bartender is a prisoner at the Dayton street station.

PRIZES FOR TOMATOES

Democrat-Sentinel Offers Bonus for Amateur Sedalia Gardeners.

Sedalia is famous for its amateur tomato growers, one of them last year receiving a medal from Kansas City friends who had sampled some of the product of his garden and wished to testify to their appreciation of it.

There are others whose fame is not quite so wide, but who claim they can beat the "other fellow," and so quite a rivalry has grown up among the growers of what in years gone by was known as the "Love Apple."

The Democrat-Sentinel wants the rivalry to increase to such an extent that Sedalia this season will produce not only the best tomatoes in Missouri, which it undoubtedly does already, but in the entire United States, and so it has decided to offer two prizes for this season's product.

For the first thoroughly ripe and fully developed tomato $2 will be given and for the largest specimen brought into the office before September 1st, $3 will be given.

Competition is open only to amateur gardeners in the city of Sedalia, and contestants to become eligible must register their names and the location of their gardens at the office previous to May 15.

Now let every man in Sedalia who has a garden get busy and try to win one or both of the prizes. No favoritism will be shown in the awards, and no person connected with the paper can contest, although two members of its staff say that they are champion growers themselves. They may win honors, but are barred from the prizes.

Man Wounded by Thieves Who Attempt Robbery.

DOG SAVES A LOST BOY

FATHER DYING, 3-YEAR-OLD SON STARTS THROUGH WOODS FOR MEDICAL AID.

Bulldog Stops Judge Passing by and Leads Him to Exhausted Baby —Would Have Perished if Not Soon Located.

New York, April 20. — Friends mourning with the widow of Joel T. Biggs, chief engineer of the battleship Connecticut, who died of pneumonia Saturday, in his home on Flushing avenue, Jamaica have learned of perils of which Erwin Biggs, 3 years old, encountered in efforts to aid his dying father, perils which nearly cost the child's life. Numb from exposure and overwhelmed by terror, the boy was rescued at night from the woods where he was hopelessly entangled in the undergrowth.

Biggs returned from the battleship cruise around the world without mishap. Soon after the battleship fleet returned he suffered an injury to his head and came home on a furlough. Pneumonia developed a week ago. Erwin, a sturdy little chap for his age, saw his mother's grief and sought to comfort her.

"Winney get a doctor man," he announced Saturday, as he put on his coat and hat.

Mrs. Biggs, harrassed by anxieties, paid little attention to Erwin as he left the house, accompanied by his pets and companions, a bull dog and a Newfoundland puppy. He trudged, unseen by anyone who knew him, to the woods which outskirt the City Training School for Teachers.

When night fell the child was in the heart of the woods and lost. The search for a doctor had exhausted him and he was disheartened by failure. His face and hands, scratched and bleeding, told of his struggles in the undergrowth before he collapsed. He was changed from his father's first assistant, daring anything, to a very little boy, wailing in the dark for his mother.

The Newfoundland puppy trotted back home and stood whining at the door. Mrs. Biggs could not understand why Erwin had not returned, but solaced herself with the thought that he was safe with neighbors.

Instinct, perhaps, told the bulldog that his little master, wailing in the thicket, needed help. Erwin said later that the faithful animal stood for a time, then licked his hand and departed. The child, left alone, increased his cries.

County Judge Burt J. Humphreys, of Queens, was walking near the edge of the woods, when the dog ran toward him with manifestations of delight. The dog led him to within the sound of the lost child's voice. It came from far back in the woods. The dog bounded forward as Judge Humphrey advanced, unmistakably indicating that he would lead the way through the tangle.

The cries grew fainter as Judge Humphrey plunged through the underbrush and the briars and he trusted entirely to the dog. It disappeared a few moments later, indicating its whereabouts by incessant barking.

Guided in this way, Judge Humphrey found the child, weak from exposure and exhaustion, and so terrified he scarcely could whisper. After disengaging the vines which held the boy, Judge Humphrey carried him to the Humphrey home, and, after being bathed, warmed and fed by Mrs. Humphrey, the child was questioned as she cuddled him before an open fire. All that she could get from him was that his name was "Winny Pigs." The euphoney of the child's pronunciation eventually led to his identification, and Mrs. Biggs was notified that her boy was found.

Now in Their Own Home.

J. B. Kraus and family have moved from apartments over Guenther's dry goods store to their recently purchased residence, 515 West Third street.

This shows a decrease of 2,814 in the total number, as compared with a year ago. There were 1,373 collisions and 1,311 derailments, causing $1,940,133 damage to cars and roadway.

BUTLER DIXON'S "JAUNT"

Left the Train at Pleasant Green Instead of Pilot Grove

W. O. B. Dixon, whose connection with the Pilot Grove bank was announced in Sunday's Democrat-Sentinel, boarded M., K. & T. train No. 2 Monday for Pilot Grove to begin work.

"Butler" has not been an extensive traveler of late years and is not familiar with towns along the north end of the M., K. & T. Instead of leaving the train at Pilot Grove, where he was to begin work yesterday morning. Butler alighted from the coach at Pleasant Green—a station six miles this side of Pilot Grove.

He looked for the bank building, but didn't find it. He began inquiring, but to his astonishment found that no one else knew where the Harris bank was. Then it dawned on Butler that he was in the right state, but in the wrong town, so quietly he proceeded to "foot it" to Pilot Grove, reaching there in less than two hours.

BREAD TO COST SIX CENTS

Chicago Bakers Plan to Advance the Prices May 1.

Chicago, April 19.—A cent a loaf is the toll which it is proposed to exact on all bread sold in Chicago after May 1 as a result of the sensational advances in the price of wheat, following the deals of James A. Patten and other big bull speculators on the board of trade.

The proposed advance to six cents a loaf was announced yesterday by Mathias Schmidinger, president of the Chicago Master Bakers' association, who declared that fifty bakeries in the city had been forced to close in the last few weeks because of the high price of flour and the refusal of the mills to extend credit.

WOMEN MAKE SACRIFICE

SPRING HATS IN AN ELGIN, ILL., CHURCH ARE REMOVED BY DECREE.

FEW RESENT RULING OF CONGREGATION

But When Minister Makes Pointed Remarks Heads Are Bared and in Very Short Order the Men Smile.

Elgin, Ill., April 19.—There was an almost hatless congregation of women at the First Baptist church at Elgin Sunday morning. With remarkable submission the women bowed to the vote of the congregation last Wednesday evening, requesting them to remove their headgear during services, and when the pastor began his sermon practically all of the 400 women present sat with heads bared.

Lest they forget the recent ruling, the following special announcement appeared at the head of the weekly calendar:

"By a vote of the church all women are requested to remove their hats before the beginning of the sermon."

Only about fifty women showed unwillingness to comply with the request, and for their benefit Rev. A. F. Purkiss addressed a few introductory remarks in these words:

"I rejoice in the action of the church for two reasons," said the pastor. "If I had a garden I would not like to have some one's chickens scratch it up. Obstructing the view of others in church by wearing hats amounts to the same thing, and those who want to see have as much right to ask that the hats be removed as I would have to ask the chickens to keep out of my garden.

"In the second place, the action of the church is a profound religious blessing. If we can see each other we will get a religious force and power which we can get in no other way. I see some faces today which I have never been able to get a glimpse of before, and I did not know that there were so many good-looking women in the congregation. The ruling of the church applies to everybody."

There was a hurried rustling as the women who still wore their hats got busy with their hat pins, and the men smiled at heir endeavors. Large and small hats, even bonnets, were off in a few moments.

WILL CONTINUE THE BUSINESS

Judge Dalby Buys John T. Collins' Interest in Collins Furniture Co.

Through a deal consummated this morning the Collins Furniture and Carpet Co., announced to retire from business, will be continued. The new arrangement retires Mr. John T. Collins, who sold his interest in the business to his associate, Judge J. N Dalby, who, with his two sons, Roy and Waller, will conduct the store in the future. This store was to have opened a closing out sale tomorrow to wind up its affairs, but instead the Messrs. Dalby will inaugurate a dissolution sale, with a view to clearing out all old stock to make arrangements for needed alterations in the rooms and for the reception of new stock.

Judge Dalby, in speaking of the change said he had lived in Sedalia thirty-six years, and wanted to continue to reside here, and, seeing an opportunity for himself and sons, decided that the business just purchased looked good to him, hence the decision to buy Mr. Collins' interests and continue the store.

Judge Dalby's long residence and good citizenship in Sedalia will doubtless and should carry weight with the store's future, now that he controls it.

Mr. Collins' future has not been determined upon. He has two good offers, one of which he will accept.

FOR STATE FAIR, $81,000

THIS IS RECOMMENDATION OF APPROPRIATIONS COMMITTEE OF HOUSE.

FACES REVENUE DEFICIT OF $902,067.0

Lloyd Announces Appropriations as $9,302,067.06; Income $8,400,000 —Special May Swell Loss to $3,868,731.26.

Jefferson City, Mo., April 21.—Chairman Hiram Lloyd, of the house appropriations committee, announced last night that the appropriations for the maintenance of the state government in its various branches during the years 1909-10 would total $9,302,067.06.

This is $902,067.06 more than the available revenue for the next two years, which, according to the estimates of State Auditor Gordon, will aggregate in round numbers $8,400,000. The figures contained in the regular appropriation bills do not include the special appropriations, provided for in bills now pending in the house.

These latter total $2,966,664.20, and if allowed will increase the deficit during the next biennial period to $3,868,731.26. Only legislation creating new sources of revenue can prevent the impending shortage. There is now in the state treasury approximately $4,150,000 which, according to attaches of that department, is practically all of the revenue that will be received this year, excepting about $300,000 that will come in by July 1.

Thus far the legislature has shown but little inclination to provide means of increasing the state's revenue. With less than three weeks remaining of the present regular session of the legislature there is apparently little hope of forestalling the difficulties that confronts the present administration.

University Suffers Most.

The pruning knife was mercilessly used by the members of the house appropriations committee. The state university suffers most. The curators of this institution asked for $1,592,000. The legislative junketing committee recommended an appropriation of $1,070,000 for the university.

The house committee places the Columbia school's allotment at $844,740.68. Of this sum, $300,000 is appropriated for the institution's support, $426,000 for improvements and $118,740.68 to cover a deficit existing at the end of the last biennial period. No special appropriation is made for the school of journalism, as was requested, and if this department is to be continued it will have to be supported out of the institution's curtailed apportionment.

The attorney general's office is well cared for by the appropriations committee. The total contingent appropriation for the chief of the legal department is $75,000. Governor Hadley also fares well at the hands of the house committee. A $1,000 horse and surrey are among the improvements provided for the executive mansion.

Of the appropriation for the attorney general, $35,000 is allotted for the prosecution of the appeal to the United States supreme court of the 2-cent fare and maximum freight rate cases. He gets $3,500 to continue the fight against the Standard Oil company in the state supreme court; $3,000 to defend the validity of other railroad laws; $7,500 to enforce the anti-trust laws, and other appropriations to prosecute the harvester and lumber trusts.

$9,000 for Rate Case.

An echo of Judge Smith McPherson's adverse ruling in the United States circuit court of Kansas City in the 2-cent fare and maximum freight rate cases is found in the appropriation of $9,000 to pay the state's share of the cost of that litigation.

In all, $21,600 is appropriated for improvements of the governor's residence and the state capitol. This includes the construction of a new kitchen and the repairing of the roof.

The benefits of the hog cholera preventative discovered by the agricultural department of the state university is recognized by an appropriation of $10,000 to carry on this work. The national guard gets $150,000, the naval reserves $8,000, and $10,000 is set aside out of the collateral inheritance tax to permit the cadets of the state participating in the military display at the Alaska-Yukon-Pacific exposition at Seattle this summer.

The state fair at Sedalia gets an appropriation of $81,000, and in addition to this sum is granted the right to retain all moneys received and collected from the sale of privileges and entrance fees and from all other sources of the fair's income.

The state road fund of $500,000 is apportioned among the various counties and the cities of St. Louis. The revision of the statutes takes another $50,000.

State Institutions Cut.

The appropriations of all the state educational and eleemosynary institutions are far below the demands made by the institutions, as well as less than the sums recommended by the legislative junketing committee in its report.

Every institution had a deficit during the last two years, each of which is covered in the deficiency bills.

Two of the appropriation bills were introduced in the house today, one covering the general appropriations and the other relating to the educational demands of the state. The eleemosynary appropriations bill will be introduced tomorrow.

Though appropraition bills must, under the law, originate in the house, they take the same course as other legislation, and are subject to change in the senate, as well as on the floor of the house.

The Recapitulation.

Following is a recapitulation of the appropriations made:

PASTOR SEEKS A WOMAN

MISSING MAN SAID TO HAVE REMARKED THAT SHE HAD REJECTED HIM.

THE MURDER IDEA HAS BEEN DROPPED

Sister Believes He Departed From St. Louis for Chicago Sunday—Expected That He Will Turn Up All Right in Time.

St. Louis, Mo., April 20.—That the Rev. Robert W. Lessing, who disappeared from Moselle, Mo., Friday, is despondent because his sweetheart refused him, and is now in St. Louis in quest of her is the belief of the members of his church at Moselle.

They say he remarked shortly before leaving Moselle that his girl had failed him, and as he had a commutation ticket between Moselle and St. Louis and came here every other day, it is assumed that she lives in this city.

His friends at Moselle and Pacific, at both of which towns he had pastorates, have abandoned the plan to drag the Meramec river, under the belief that Lessing had been robbed, murdered and his body thrown into that stream.

Mrs. Pauline Godfrey, No. 2704A Olive street, sister of the missing man, said yesterday she had no knowledge of her brother's personal affairs here, and if he had a sweetheart she did not know of her.

The suggestion of suicide is scouted by those at Moselle, who know Lessing very well. While they admit Lessing' mental condition was, they say, disturbed of late, he was too bright and optimistic to take his life, no matter what his troubles might be. It is the belief of Mrs. Godfrey that her brother is in Chicago and that his mind has become affected from overstudy in his ambition to become an ordained minister of the Christian church. She says he is a religious enthusiast and that undoubtedly hard study has affected his mind.

He has many friends in Chicago, the scene of his first missionary efforts, and Mrs. Godfrey thinks a former associate, Charles Purdy, might be able to furnish some enlightenment. She attaches no importance to the murder theory, but credits the statement of Mrs. W. T. Hodge, of the Laclede hotel, who knows Lessing, that she saw him Sunday morning at Union station.

Mrs. Hodge said he had boarded the train she was on coming from St. Clair at Robertsville. At Union station Mrs. Hodge approached Lessing and he repeated his name to her.

Lessing is 25 years old. Three years ago he was employed as a copy holder at the Republic. At that time he evinced much ardor for religious subjects. He was educated at the St. Louis public schools. After preaching in Chicago he returned to St. Louis and worked in the slums. He is said to be strong-willed and of high intelligence. He has an uncle who was at one time a United States senator from Mississippi, and another uncle who is a publisher in the same state. He is said to be of the family of Baron Gotthold E. von Lessing, famous German author of the eighteenth century.

Will Duplicate Tomato Prizes.

(From Wednesday's Daily.)

The Archias Seed Store will duplicate the prizes offered yesterday by the Democrat-Sentinel for amateur tomato growers in Sedalia. The same rules apply as govern this paper's contest, only that to secure the Archias prizes the seeds or plants from which the prize winners come must have been purchased at its store.

This rule does not, of course, affect those striving for the first prizes offered, as the seeds or plants may come from any place to win them. If, however, contestants wish to secure the special Archias prizes conditions as above will prevail.

Sold Residence for $2,600.

C. E. Miller, traveling representative for the Pfeiffer Chemical company, of St. Louis, with headquarters in Sedalia, has sold his modern five-room residence at 509 West Fourth street to W. D. Thornburg, of the Sedalia Milling company, for $2,600.

Accompanied by his family, Mr. Miller left this afternoon for Kansas City to locate.

TRAPPED IN FOLDING BED

Man Dead and Wife Almost Before Son Could Extricate Them.

New York, April 20.—The folding bed accident, which used to be common some years ago before the patent beds were as well constructed as now, caused the death of James F. Maher, a feather curler, in Williamsburg yesterday.

During the night the bed began to rise as if pushed by an unseen hand, pinning both Maher and his wife, despite their struggles and efforts to relieve themselves.

A son who was sleeping on the floor above heard his parents' cries, and ran to their assistance, but before he could extricate them Maher expired. Mrs, Maher was taken out unconscious. She is little the worse for the experience.

A SLAUGHTER OF WOLVES

Montrose Man Makes Big Killing of Pests.

John Brown, a farmer living southwest of Montrose, brought in the pelts of sixteen wolves which he killed in a den on his farm less than half a mile from his house, says the Clinton Democrat.

In bringing in such large family, Mr. Brown did a good day's work, as the bounty on wolves in Henry county is $3 per head.

W. W. Webb, of Davis township, also brought in three scalps today, and last Thursday eight were brought in by R. C. Armstrong, of Davis township.

Chasing Rabbits in Autos.

About the cleverest postal card the Democrat-Sentinel has seen in many moons was sent by Bert Frazier, the printer, from Ottawa, Kas., to this paper. It is a photographic scene of a chase of jack rabbits over the Kansas Prairies by hunters in automobiles, the picture showing a bald-headed man in the first machine throwing a lassoo over the head of a rapidly fleeing rabbit. The card is the best of the kind ever shown in this neck of the woods.

KILLS TWO AND THEN SELF

Minnesotan Slays Sweetheart and Baby Because She Left Him.

Red Wing, Minn., April 20.—Freda Tangen, 28, and her 2-year-old baby were murdered by Ole O. Odden, jr., of Minneola, who closed the tragedy by sending a bullet crashing through his own brain Saturday night. He died.

Odden was enraged because the girl, to whom he was engaged, was about to go to Minneapolis to be employed as a domestic, and where her sister, Miss Hanna Tangen, lives.

Odden met the woman and opened fire. She picked up her baby and started across a field. One of the bullets struck her in the neck and she fell dead in the village graveyard. Odden then shot the baby between the eyes.

LIQUOR CASE IS REVERSED

Technical Error Ends the Gentry County Case.

Kansas City, Mo., April 20.—The conviction of Preston W. Bush for violating the local option law of Gentry county, Mo, was reversed yesterday by the Kansas ity court of appeals because the prosecuting attorney failed to prove "technically" that the crime was committed in Gentry county. That is what lawyers call a failure to prove venue.

The trial judge, the jurors, the prosecuting attorney, the witnesses, the defendant and the defendant's lawyers all knew that the crime was committed in Gentry county. There was no contention about it whatever. But the state's attorney failed to prove it formally and the appellate court decided thati t was a fatal error. The case was reversed and not remanded.

Situation at Niagara is Perilous.

Niagara Falls, N. Y., April 21.—The situation here today is perilous. The ice at the mouth of the river is at least 75 inches thick and officials of the government engineer corps say that dynamite will have no effect on the jam.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints, causing rheumatism.

FOUR MEN ARE LYNCHED

MOB AT ADA, OKLAHOMA, MADE SHORT WORK OF SUSPECTED MURDERERS.

SHERIFF WAS OVERPOWERED IN JAIL

Doomed Men Were Then Taken to a Barn and Hanged—Were Charged With Killing Prominent Cattleman in February.

Ada, Okla., April 10.—Early this morning a mob of 200 men stormed the county jail here, overpowered the sheriff and lynched four white men.

The lynched men are: J. B. Miller, of Fort Worth, Texas, charged with the murder of A. A. Bobbitt, a wealthy cattle man of this section; E. F. Brown, Jesse West and Joe Allen, his alleged accomplices. The mob worked quietly and rapidly and nothing was known generally of the lynching until daylight.

The victims were hanged in a barn within a short distance of the jail.

The mob gathered about 2:30 o'clock and proceeded to the jail. The leader pounded on the jail door.

"Sheriff, we mean business," he called to the officer inside.

"You might as well go home, boys," the sheriff answered. "I will never open this door. Duty is duty. I am here to observe the law and to protect these men."

For reply, three or four sturdy members of the mob fell against the door, breaking it in.

Once inside one of the mob dealt the sheriff a blow with a revolver, felling him, after which the mob completed its work.

Bobbitt was killed February 27, 1909. He was driving in a wagon a few miles out of Ada, when he was shot from ambush. The assassin escaped on horseback. There was no evidence except the horseshoes on the murderer's animal, which had been removed a few miles from the scene of the crime. Miller and his companions were suspected at the time of knowing who committed the deed.

Walter Peeler, aged 17, was confined in the jail for complicity in the murder, but he was not molested by the lynchers. He turned state's evidence a week ago and was being held as a witness. In the mob, it is said, were many prominent citizens of Ada.

The authorities allege that Allen and West, who were wealthy cattlemen, of Canadian, Texas, hired Miller to kill Bobbitt and that Brown paid the money to Miller. Allen, West and Bobbitt were neighboring ranchmen in Seminole county, and the trouble is alleged to have been due to an old disagreement.

STRUCK BY LIGHTNING

The Home of Mrs. George E. Dugan Sunday Forenoon.

(From Monday's Daily.)

Mrs. George E. Dugan's two-story residence, situated at the northwest corner of Fourth street and Harrison avenue, was struck by lightning at 10 o'clock Sunday forenoon. The damage was aobut $100.

Mrs. Dugan, who occupies the dwelling, was downstairs at the time, but sustained no shock by reason of the bolt.

The lightning struck the front part of the roof, tearing off part of it.

Ornaments from the top of the house were knocked to the ground, while the front part of the house from the roof to the intersection of the first floor was split open.

THE "OUTLAW" LEAGUE

Season Is to Be Opened on Saturday, the 8th of May.

(From Monday's Daily.)

"Jack" Sweeney, president of the new Outlaw league, and Drummond Brown, of Kansas Ctiy, who is to assume the management of the Sedalia team, arrived from the Kaw river city at noon today.

Both are in conference with H. V. Leist this afternoon relative to the local baseball situation.

Mr. Brown is a gentleman of pleasing personality, who resigned a good position in Kansas City to become manager of the Sedalia team.

Accompanied by Mr. Leist, tomorrow, he will begin soliciting subscriptions from Sedalia merchants with a view of raising $500, which sum is needed for the starting of the team.

Of this amount, $300 is to be put up as a guaranty that the club will continue through the season, while fully $200 will be required to purchase uniforms, transportation for the Sedalia players to get here, their board bills, etc.

Mr. Brown, in conversation with a Democrat-Sentinel representative, today stated that he has a list of excellent ball players, who can "deliver the goods" and if he receives the support from Sedalia that it should extend he will put up first-class baseball in this city this year.

The season will open on Saturday, May 8.

SURPRISE FROM PULPIT

"I DON'T CARE TO PREACH TO PEOPLE WHO GO TO SLEEP DURING THE SERVICES."

A PASTOR'S DISCOURSE THEN CUT SHORT

Rev. R. C. Miller, Pastor of the East Sedalia Baptist Church, Gave His Flock Something to Think About on Sunday.

(From Monday's Daily.)

"I don't care to preach to people who go to sleep during the services."

With these words the Rev. R. C. Miller, pastor of the East Sedalia Baptist church, sudden terminated his sermon at Sunday morning's service.

Glancing over the edifice during the course of his discourse, the Rev. Miller noticed several church members apparently half asleep. Others sat drowsily in their pews.

The sermon was almost completed, when Rev. Miller, to emphasize the fact that sleeping in church is not a holy practice, made the foregoing remark.

He then concluded his sermon. Many of the parishioners were startled, but others viewed the situation philosophically.

Services then proceeded as though nothing had happened.

The scheduled discussion of "The New Theology" was postponed.

Secret Service Man Departs to Investigate the Case.

(From Monday's Daily.)

N. P. Kemp, of the secret service department of the Missouri Pacific, and H. P. Mayhew, a postoffice inspector, were passengers to Independence this morning to investigate a United States mail pouch robbery.

On April 14 a mail sack, which had been cut open, was found by a mail carrier in the yard of a vacant house near the Independence depot. A portion of the mail had been rifled, while many letters addressed to Kansas City bankers had been untouched.

The mail sack was thrown from a Missouri Pacific train on April 5. Among its contents were three registered letters. One of these was missing. The other two were intact. The missing letter was from St. Joseph.

ENGINEER MOTZ IS DEAD

HE DIED AT THE M., K. & T. HOSPITAL THIS MORNING OF BRAIN TROUBLE.

WAS TAKEN ILL WEEK AGO LAST THURSDAY

Belonged to the B. of L. E., Masons and Elks—Survived By Widow He Married October 27—Funeral Not Fixed.

(From Monday's Daily.)

Mr. Motz was 31 years old and was married on Oct. 27, last, to Miss Hannah Shea.

On the afternoon of Thursday, April 8, he came in from his run, complaining of being ill and feeling drowsy. His condition grew worse, and Dr. M. T. Collins was summoned. The latter pronounced the illness brain fever.

Last week Mr. Motz's condition became aggravated, and Saturday he was pronounced at death's door.

Sunday afternoon he was removed from his home, 423 East Broadway, to the railway hospital, where he expired at the hour stated.

Besides his bride of a few months, Mr. Motz leaves a brotaer, Walter Motz employed as a fireman by the Missouri Pacific.

"THIRTY" FOR HARRY COE

Body of Well Known Telegrapher to Be Buried Here.

(From Monday's Daily.)

Harry Coe, a former Sedalian and one of the most efficient telegraph operators that ever handled a key in the west, died in Kansas Saturday. He was 48 years old. Death was brought on by a general breakdown of the system.

Harry was a son of the late Mrs. E. A. Coe, who up to the time of her death had been secretary of the Associated Board of Charities for several years.

Harry has a wife and a son, Harry, jr., who attained distinction as a cartoonist and artist. The latter is now thought to be in St. Louis.

Mr. Coe's body will be brought here tomorrow and will be interred in Crown Hill cemetery.

Many Sedalians will remember the deceased, who spent several years of his life in the Queen City.

SALOME DANCE AT M. S. U.

"Aggies" County Fair Will Show the Real Thing.

Columbia, Mo., April 19.—The "Aggies" of the University of Missouri will give their annual county fair tomorrow.

This is the "stunt" of the college of agriculture. To it all the students of the university go and spend their pennies for admission to the innumerable side shows along the Pike. These side shows are "take offs" on side shows seen at Missouri county fairs.

A Salome dance, mud-eating man from the Nile, negro minstrels, Irish show, home for devils, shoot the chutes, crazy house, petrified woman and a show for "men only" are included. A member of the senior class declares the Salome dance will be genuine.

The street parade held in former years will be omitted this year in order to save $200 for better side shows. A genuine scenic railway is being constructed by student labor.

Condition of Mr. Bowers.

(From Monday's Daily.)

The condition of Joseph A. Bowers, out-of-town circulator for the Democrat-Sentinel and former sheriff of Pettis county, who came home Saturday afternoon from Knob Noster and Lamonte very ill, is practically unchanged today.

He is unable to talk, but recognizes those around him. He lies in a stupor, but suffers no pain. His daughters, Misses Mary and Bessie, teachers in the public schools, are at his bedside.

The only explanation of the complete collapse of the patient is grief over the recent death of his wife while he was at Cole Camp on a business visit on Tuesday, March 23.

A VERDICT FOR SULLIVAN

$2,500 FOR IRISHMAN WHO WAS MISTREATED BY THE POLICE IN KANSAS.

AN INTERESTING CASE AT JUNCTION CITY

Was Arrested On Suspicion of Having Stolen a Diamond Ring He Had Paid For—Got Judgment for $2.500.

Topeka, April 19.—Sam Sullivan, an Irishman, has obtained a $2.500 judgment against the police officers of Junction City in the federal court, and his attorneys have taken a copy of the judgment to that town to file it. They will levy on the property of the officers and feel sure they will be able to collect the amount.

At the trial Sullivan showed that he was badly treated by the police force of Junction City. He was arrested on suspicion of stealing a diamond ring which he had paid for and was then fined for carrying a concealed weapon.

His weapon consisted of a pocket knife. It was one inch shorter than the knife Judge Pollock carries and smaller than every knife carried by the twelve jurors. He contended that the police officers simply juggled justice in hope of getting his diamond ring.

Attorney General Jackson and John Dawson, secretary to the governor, represented the police officers, but they couldn't get anywhere with their defense.

ALDRICH OPENED DEBATE

Assures Senate That Tariff Bill Will Produce Ample Revenue.

Washington, April 19.—In opening the debate in the senate on the pending tariff bill today, Senator Aldrich, chairman of the committee on finance, assured the senate in most positive terms that the bill reported from the finance commitee would produce ample revenue for the government. He suggested that if by any possibility these estimates should prove incorrect the duty of congress would be to "reduce expenditures and make them conform to the actual revenue conditions."

ROBBED FREIGHT TRAINS

Four Arrested and Leader's Confession Implicates Business Men.

Omaha, Neb., April 9.—The arrest Wednesday last at Laplatte of four men in a house in which was found $2,000 worth of goods alleged to have been stolen from freight trains, was followed today by a confession from the leader of the gang which is said to implicate several prominent Omaha business men to whom plunder has been sold.

TRASHY BOOKS ARE BAD

SO SAID THE REV. GRANT A. ROBBINS IN HIS SUNDAY MORNING SERMON.

HE PREACHED AT THE FIRST M. E. CHURCH

Text Taken From the 13th and 14th Verses of the 3d Chapter of St. Paul's Letter to Phillipians —A Strong Sermon.

(From Monday's Daily.)

Rev. Grant A. Robbins, pastor of the First Methodist Episcopal church, chose for a text Sunday morning from which to deliver a strong, earnest, good sermon the 13th and 14th verses of the third chapter of St. Paul's letter to the Phillipians, "Brethren, I count not myself to have apprehended; but this one thing I do, forgetting the things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

Rev. Robbins strongly urged his congregation in the direction of Christian activity, assuring them that retirement from active work in behalf of the advancement of Christ's kingdom would result in loss of spiritual vigor and power.

He gave many excellent illustrations to prove this truth. He also touched upon the benefit of good wholesome literature as a potent factor in character building, and advised his hearers to throw aside all light, trashy books and to read only those from which they might derive benefit. He mentioned the effect upon his own mind of Drummond's "Natural Law in the Spiritual World," and of Jacob Reis' great book, "The Making of an American."

The sermon was easily within the mental reach of the entire congregation, illustrative of the pastor's declaration, "I am going to preach for and to be the pastor of all the people who belong to this church."

Rev. Robbins appears to be of a sympathetic nature, of optimistic temperament, thoroughly alive in every fibre of his being, as well as comprehensive in his outlook for the best in his field of labor. It goes without saying that he will be very popular with his congregation and the people of the city outside his church with whom he comes in contact.

STALLION NOT STOLEN

The Animal Strayed Away From the Farm of C. A. Krueger.

(From Monday's Daily.)

C. A. Krueger's German coach stallion, valued at $300, which disappeared from Mr. Krueger's pasture, four miles west of town, last Thursday night, has been located at the home of Smith Rissler, six miles northeast of Sedalia, to whose farm the animal strayed last week.

Today Sheriff Henderson received a telephone call, stating that an animal answering the description of the missing equine had found shelter at Mr. Rissler's home.

Sheriff Henderson inquired at Mr. Rissler's premises and learned that a stray horse had been there for several days.

The animal will be returned to its owner.

BURIAL OF THE SUICIDE

Remains of Joseph Hamden Laid to Rest Today.

(From Monday's Daily.)

Obsequies over the body of Joseph Hamden, the Syrian, who committed suicide Saturday, were conducted under the ritualistic exercises of the Fraternal Order of Eagles, at the Sedalia Undertaking company's chapel at 10:30 o'clock this morning.

At the conclusion of the ceremonies the body was interred in Crown Hill cemetery.

A number of out-of-town acquaintances of the dead man arrived in Sedalia Sunday to attend the funeral.

Owes Mr. Hartenbach $36.

It is not surprising that local union musicians decline to play for attractions at the Sedalia theater under the present management.

Among the creditors of the theater is Charles Hartenbach, leader of the Second Regiment band, who has an individual bill of $36 against the Sedalia theater.

Mr. Hartenbach lives at Georgetown, but he came to this city in all kinds of weather to play at the theater, not getting home until midnight, and to get "stung" to the tune of $36 under such circumstances is not very pleasing, to say the least.

Bank Robbers Got Away.

Bartlesvile, Ok., April 19.—Two robbers today dynamited the Bank of Havana, Kas., near the Oklahoma line. They fled on a handcar. They were arrested by Policeman Morton, but overpowered the officer and escaped again.

TWO WORTHLESS CHECKS

GROCERS DOING BUSINESS ON THE "NORTH SIDE" ARE THE VICTIMS.

SIGNED "SEDALIA CONSTRUCTION CO."

Payable to "Eddie Jones," a Negro—Each Check Was for $11.50—Made Two Purchases of $1.85 Each and Was Given Change.

(From Monday's Daily.)

Two checks on the Citizens' National bank, aggregating $23, bearing the forged signature of the Sedalia Construction Co., by E. Dean, were passed on Pfeiffer & Light, grocers, at 100 West Pettis street, and W. F. Wolfe, a grocer at Pettis street and Ohio avenue, about 9 o'clock Saturday night.

The checks were discovered to be forgeries this morning.

The man who executed the work was a negro about 25 or 30 years old. Each check was for $11.50, made payable to Eddie Jones.

At the hour stated the negro entered Pfeiffer & Light's store and made purchases amounting to $1.85. The balance of the $11.50 check was given him in change.

The negro then proceeded to Mr. Wolfe's store, where he made a purchase of a similar amount.

A check identical to the one passed on Pfeiffer & Light was tendered in payment.

After deducting the amount of the purchase, the proprietor handed the change to the negro, who disappeared.

There is no clew.

EDITOR GEORGE A. COOK

FORMER SEDALIAN WHO HAS ACCOMPLISHED MUCH OUT IN WYOMING.

BOUQUET FROM THE CHEYENNE TRIBUNE

Not Only Does the "Old Man" Write, but Also His Better Half and His Eldest Daughter, Miss Leslie Cook.

George A. Cook, a former Sedalia newspaper man, who for the past eight years has filled the position of city editor of the Laramie, Wyo., Evening Republican with credit to himself and his employers, is written of as follows in the Cheyenne Evening Tribune of April 14:

No one questions the right of George A. Cook to the laurels that belong to the best newspaper reporter in Wyoming. Mr. Cook has been city editor of the Laramie Republican for the past eight years, landing at Laramie from Missouri. W. E. Chaplin, editor of the Republican, says tht Cook began to hit the ball the day that he arrived, and the reputation of the Republican for being one of the newsiest papers in Wyoming shows that G. A. has maintained his batting average ever since.

When the Tribune saw the opportunity to get out of the country daily class, and started in to be a newspaper of state-wide circulation, influence and interest, G. A. Cook was the first out-of-town correspondent secured, and this month ends his eighth year as Tribune correspondent.

Everybody in Laramie knows Cook, and likes him, especially the railroad men and the preachers, and the University faculty and the students, and the grocers and the politicians, and the people of the court house, and the ranchmen and the schoolboys, and the women and the mayor and the Tallmadge-Buntin Land Co.

As a result there isn't much that gets by, and many a good story worked up in Cheyenne by Tribune reporters is first "tipped off" by a hint from Cook.

His abounding industry and enthusiasm in his work has been communicated to his family, and Mrs. Cook now handles the society columns of the Republican and Miss Leslie Cook from time to time contributes a very interesting column of University news, she being a student there, and she also sent in a delightful series of letters regarding the tour of the University Girls' Glee club.

"Blessed," says Elbert Hubbard, "is the man who has found his work," and if this be true, thrice blessed is George Authenticity Cook, and the Republican can also pride itself on having on its staff a man whose years in harness have not dulled his sense of news, nor dampened the ardor of his enthusiasm.

Francis Mier and sister, Miss Anna, served as groomsman and bridesmaid, respectively.

The couple had their picture taken later at Meredith's, and a wedding breakfast at the bride's home followed. The couple will go to Cole Camp to live, carrying with them the best wishes of a host of friends in Sedalia.

THE WORK OF A SWINDLER

He Took a Green Ridge Liveryman Into Camp Past Week.

L. C. Proctor, the north end liveryman, was unconsciously made the victim of a confidence game one day this week, and as a result will probably be asked to make good a draft for $35, says the Green Ridge Local News.

A smooth tongued stranger engaged Lon to take him to Windsor, and after paying for the trip he asked for a receipt, stating that he had to show his expense receipts to "the house."

He produced a pad of blank receipts, filled one out and had Mr. Proctor sign it. But underneath the receipt there was hidden a "joker" in the form of a draft, covered with carbon paper, to which Mr. Proctor attached his name.

The stranger then had Lon drive up to the People's bank, where he went in and cashed the draft, which Mr. Proctor will be expected to pay. We are informed that the same man has been working his game quite successfully in surrounding towns. He should be caught and sent to the penitentiary for a good long term.

NEGROES CUT WHITE MAN

Theft of Baseball Bat Starts Fracas at Columbia, Mo.

Columbia, Mo., April 17.—With two gashes on his left cheek, his left ear nearly cut off and deep cuts on the side of his neck, W. R. Fritz, a drug clerk, is in the hospital here in a dangerous condition as the result of a fight with negroes Thursday night.

The negroes, who were out serenading, came into the store while Fritz was on duty and bought guitar strings. They were noisy, and as they left one negro took a baseball bat from a rack in the front of the store.

Fritz followed and took the bat from the negro. The negro made some offensive remark and Fritz knocked him down with the bat. The others went for the white man with knives and razors.

A crowd chased the negroes, but failed to capture any one.

SUICIDED ON SATURDAY

JOSEPH HAMDEN, THE SYRIAN, SHOT HIMSELF WITH 38-CALIBRE REVOLVER.

DEATH ENDED SUFFERING HOUR LATER

Ill Health Cause of the Act—Belonged to Modern Woodmen of America, Tribe of Ben Hur and Order of the Eagles.

(From Sunday's Daily.)

Joseph Hamden, a Syrian, aged 30, committed suicide by shooting himself in the chest with a No. .38-caliber at his room, 224 East St. Louis avenue, at 8 o'clock Saturday morning. He died an hour later.

Mae Bloch, known also as Florence Conwell, at whose home he roomed, was the first person in his apartments after the shooting. She was asleep on the first floor of the residence, when a pistol shot awakened her. A moment later another noise resembling a heavy object striking the floor was heard.

The woman rushed into Hamden's room. She found him lying prostrate on the floor. A revolver with one empty chamber lay beside the victim.

"I get my underclothes and the gun shoot me," were the words the Syrian uttered. He then muttered several words in his native tongue. Dr. E. F. Staats was summoned, but shortly after his arrival Hamden died.

The body was taken to the Sedalia Undertaking Co.'s rooms, where, at 1:30 o'clock Saturday afternoon Coroner F. R. Morley conducted an inquest. The jury's verdict was in accordance with the foregoing facts.

The following were members of the coroner's jury: John W. Baldwin, Judge David Kinsey, C. H. Allen, E. W. Shultz and E. M. Reed.

Hamden was a native of Syria. He came to America eight years ago. For more than two years past he had been making Sedalia his headquarters, traveling for a Fort Smith, Ark., mercantile firm.

He belonged to Russell camp No. 2065, Modern Woodmen of America, Sedalia court No. 39, Tribe of Ben Hur, and Sedalia aerie No. 601, F. O. E. He has a brother, Charles Hamden, residing on North Washington avenue.

Ill health was the cause of the act. For six weeks Hamden had been ill with malarial fever, which developed into pneumonia. Recently he went to Kansas City and in a letter to his landlord stated that unless his health improved he would throw himself in the river.

Owing to the fact that several friends doubted that Hamden would kill himself, Coroner Morley and Dr. Staats performed an autopsy on the body at the undertaking rooms, just prior to the inquest.

The ball from the revolver was a No. .38-caliber size, and had passed into the body and lodged in the spine.

BRYAN NOT SURE ABOUT IT

Refuses to Say He Won't Be Candidate for the Senate.

Little Rock, Ark., April 17.—Asked relative to a report sent out from Washington that he would be a candidate for the United States senate to succeed Senator E. J. Burkett, of Nebraska, Wm. J. Bryan said yesterday:

"There is no foundation for the report that I decided positively to enter the race, and I have expressed myself as adverse to becoming a candidate. I would rather have some one else nominated, and I hope we can find a democrat to succeed Senator Burkett. We have a number of excellent democrats who are worthy of the place, and I would rather see one of them elected than hold the office myself. I will not say I will not under any circumstances be a candidate, but I would prefer not to be."

Resigned Green Ridge Pastorate.

Rev. R. L. McCormick, who had been pastor of the Christian church of this place for the past year, has tendered his resignation, effective, at once, says the Green Ridge Local News. Board of Equalization Adjourned.

The county board of equailzation adjourned Saturday afternoon until Monday, April 26, when it will meet as a board of appeals. A good many raises were made in several townships on certain classes of property which were listed too low in proportion to other townships and these raises were made to equalize the assessments of the townships. The board made a thorough investigation of the assessor's books and found a good deal of property that had not been listed with the assessor which has been added by the board to the assessment lists.

WAS MADE ACTING MANAGER

George Ware Succeeds John W. Byng With Dun Agency.

C. B. Smith, of St. Louis, district manager of the R. G. Dun Mercantile agency, returned home Saturday afternoon, after spending the night in Sedalia.

While here Mr. Smith appointed George Ware, son of Lon V. Ware, county treasurer, acting manager of the local agency, succeeding John W. Byng, resigned.

Mr. Ware entered the employ of the Dun people on June 1, 1906. His efficient service to the agency soon won the esteem and confidence of his employers, who realized his true worth, hence his deserved promotion to the position of acting manager.

Mr. Ware is succeeded by Edwin Scott, another worthy young man, who will assume the duties of traveling reporter.

The promotions took effect Saturday.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

PLANS FOR A GREAT TRIP

PRESIDENT TAFT WISHES TO VISIT VARIOUS SECTIONS OF THE COUNTRY.

ALASKA IS INCLUDED IN ITINERARY

The Only Trouble Is the Expense—If Congress Will Give Him $25,000 He Will Take in Many Portions of United States.

Washington, April 17.—President Taft, who believes that the chief magistrate of the nation should keep in as close touch with the people as the duties and requirements of the office admit, is planning a notable trip in the late summer and early autumn. The plan will be carried out if congress decide to continue the annual appropriation of $25,000 for traveling expenses, allowed in the closing years of the Roosevelt administration.

The president's plans for the summer, as far in the heated term as August 15, have been completed. He will leave Washington as soon as he can arrange matters after the adjournment of congress. He has been told that the extra session will end June 1.

The president will go direct from the White House to his summer home at Woodbury Point, Beverly, Mass., and will spend two months or more there as quietly and as free from official worry and work as possible. Mr. Taft will devote most of his vacation to golfing, motoring and perhaps will take short cruises along the northern coast.

The reassembled Atlantic fleet of sixteen battleships will maneuver off the New England coast in the summer and the president undoubtedly will want to see some of the work of the ironclads.

The trip the president desires to take to the west in the late summer will be entirely too expensive to be paid for out of his own pocket. An outline of the proposed intinerary has been given to a high railroad official and an estimate requested. It is said that the cost would be in the neighborhood of $15,000 to $17,000. If he goes west at all, the president will include Alaska in the journey, sailing from Seattle, perhaps on a vessel of the navy or revenue cutter service. No president has ever visited the far northern territory which for so long has been a part of the United States.

The president has been invited to and is particularly anxious to attend the following gatherings:

The annual encampment of the Grand Army of the Republic at Salt Lake City, Utah.

The Trans-Mississippi conference at Denver.

The National Irrigation congress at Spokane, and the Alaska-Yukon-Pacific exposition at Seattle.

In addition to his proposed visit to the Rocky mountain states and to the Pacific coast, the president's tentative plans for the trip include a long swing through the southwest and the heart of the south itself.

Many of the vessels of the Pacific fleet, which includes eight fine armored cruisers of the type of the North Carolina and Montana, which Mr. Taft used on his recent trip to Panama, will be stationed in and about Puget sound during the exposition and the president undoubtedly would make the trip to Alaska on one of these.

Returning from the north, he probably would land at San Francisco to begin from there the journey along the southern border line.

Mrs. Taft, who is as fond of travel as her husband, would accompany the president on his tour.

Western and southern senators and representatives are particularly anxious to have the president visit their sections and will do all in their power to provide the necessary funds. They believe with the president that such a tour as he purposes to make should be regarded as an essential factor in the universal desire to keep the people in close touch and sympathy with the central government. They believe the presidents trips through the country and his addresses are as much of a benefit to the people as to himself.

President Taft makes no secret of his fondness for travel. He believes it to be the only way of obtaining a proper idea and perspective of such a big country. Mr. Taft's stay at Beverly will be interrupted by a few short trips to fill speaking engagements he has already made and others which he has under consideration.

NO MORE BEGGING

Mayor Babcock Issues Orders Against Alms Asking on Streets.

With a view of ridding Sedalia of beggars Mayor J. L. Babcock Saturday gave orders to Chief of Police Boullt to instruct each police officer to make beggars vacate their positions on the public streets and leave Sedalia at once.

The initial step with that object in view was taken last night, when Officer Jackson stopped a beggar from soliciting donations on Ohio avenue and made him leave town.

During the last fortnight Sedalia has been visited by numerous individuals of this class, who station themselves at convenient places on Ohio avenue, soliciting alms. After the streets become deserted the men in most cases proceed to the saloons, where they spend their day's collections.

Another order issued by Mayor Babcock was to refuse to permit popcorn, peanut or candy stands to be erected on any of the four corners at Third street and Ohio avenue.

WHERE DID MR. WEYANT DIE?

Martin Weyant Desires Information on the Subject.

Mr. A. Farnham, who is in charge of the Los Angeles, Cal., office of the Germo Manufacturing Co., of this city, writes home folks that he is in receipt of a letter from Martin Weyant, a former Sedalian, but now a conductor out of Needles, Cal., making inquiries about his uncle, J. J. Weyant, who formerly conducted a grocery north of the tracks here.

The gentleman inquired about left Sedalia seven years ago and went to Kansas City. Later he left there, and it was rumored still later that he had died at some point in the west two years ago, but no one appears able to give any definite information on the subject.

Joe Weyant, of Hose Co. No. 2 here, is also a nephew of J. J. Weyant. He says his uncle belonged to the K. of P. when he left Sedalia, but local members of the order were never able to corroborate the report of death.

It is known that he dsappeared a couple of years ago, but beyond that all is speculation.

Spread on Some Crackers—Not the Slightest Injury Resulted from Little Fellow's Escapade — In Most Positive Way Ingredients of

CUTICURA PROVEN PURE SWEET AND HARMLESS

A New York friend of Cuticura writes the following interesting letter: —

"My three year old son and heir, after being put to bed on a trip across the Atlantic, investigated the stateroom and located a box of graham crackers and a box of Cuticura Ointment.

"When a search was made for the box, it was found empty and the kid admitted that he had eaten the contents of the entire box spread on the crackers. It cured him of a bad cold and I don't know what else."

No more conclusive evidence than the above could be offered that every ingredient of Cuticura Ointment is absolutely pure, sweet and harmless. If it may be safely eaten by a young child, none but the most beneficial results can be expected to attend its application to even the tenderest skin or youngest infant. This feeling is shared by mothers and nurses to such an extent that Cuticura Soap and Cuticura Ointment have for many years been unhesitatingly used throughout the civilized world for preserving, purifying and beautifying the skin, scalp, hair and hands of infants and children from the hour of birth. And greater still, if possible, is the confidence reposed in Cuticura Remedies for the treatment of torturing and disfiguring humors of the skin and scalp. The suffering which they have thus alleviated among the young and the comfort they have afforded worn-out and worried parents have led to their adoption in countless homes as priceless agents in the speedy, permanent, safe and economical treatment of infantile and birth humors, eczemas, rashes, irritations, inflammations and chafings, and other itching, scaly and pimply humors when all other remedies suitable for children fail.

Cuticura Remedies are sold throughout the world. Depots: London, 27, Charterhouse Sq.; Paris, 5, Rue de la Paix; Australia, R. Towns & Co., Sydney; South Africa, Lennon, Ltd., Cape Town, East London, etc.; Russia, Ferrein, Moscow; Japan, Maruya, Ltd., Tokio; U. S. A., Potter Drug & Chem. Corp., Sole Props., Boston.

Washington, April 17.—Showing President Taft a series of picture post cards, displaying a portrait of the president and views of the White House and other government buildings in Washington, and all bearing the printed legend, "Made in Germany," William A. Coakley, of New York, president of the International Protective association, asked the chief magistrate if he would not use his influence to have such a duty placed upon the lithographed prints as would insure the profitable manufacture in this country of the millions of souvenir postals used in the United States.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Foster, acting captain of police. False arrest and assault is made the basis of the suit.

According to republican police officers McDonald's arrest was made as the result of an alleged disturbance created by him. His arrest is attributed solely to political feeling.

In his petition McDonald states that "Captain Foster attacked him and caused him to be taken to the station house under arrest."

M. S. U. TO GET $750,000

Appropriation Committee Will Make Its Report.

Jefferson City, April 19.—Having persistently refused to give the governor any of the real revenue reserve, the legislature will this week show immediate results.

The committee on appropriations will make its report, and this will prove that not one dollar is to be given for new buildings or for improvements. The bare necessities for running existing institutions are to be provided for.

The state university, which asked for $1,500,000, and thought a month ago it would surely get $1,200,000, is to be given $750,000, which is $100,000 less than it got from the last legislature.

KILL A CAT? WELL, HARDLY

"Not When a Police Shake-Up's Due, Madam; It's Bad Luck."

Kansas City, Mo., April 19.—"Hello," said Captain Casey, at the Flora avenue police station, as he took down the telephone receiver. "What is it?"

"Is this the captain?" a woman asked. "I wish you would come out to Twenty-ninth street and Park avenue, please, and kill out cat. It's hair is all coming out."

"Not much," replied the captain. "I'd walk around the block to keep from meeting a cat.

"Sorry, madam, but you know to kill a cat means bad luck and the police department is due for a shake-up right now. I'll send a man out for the cat as soon as everything quiets down."

LID LOSES OMAHA A FEST

LEGISLATURE KILLS EVENT BY PASSING 8 P. M. SALOON CLOSING LAW.

ST. PAUL WILLING TO ENTERTAIN GUESTS

Probably Will Get Festival of West and Northwest Societies—It Is a Great Attraction in Musical Circles.

Wilwaukee, Wis., April 17.— After months of preparation by choral societies throughout the west and northwest, it is announced that Omaha will have no saengerfest in 1910, because the Nebraska legislature enacted a law requiring saloons to close at 8 o'clock at night.

The saengerfest committee concluded "that a saengerfest is out of the question where singers and merry-makers are, so to speak, sent to bed at 8 o'clock at night, and therefore decided to call off the fest."

A telegram from Madison, Wis., says C. O. Knev, president of the Madison Maennerchor and treasurer of the Northwestern Singers' Federation, has received official notice from Omaha that the Saengerfest committee has found it necessary to cancel arrangements for the saengerfest.

St. Paul has declared its willingness to have the fest in 1910, and it probably will be held there. St. St. Paul successfully entertained the singers in 1906.

JUDGE ISSUES MANDATE

FEDERAL JUSTICE McPHERSON TELLS STATE TO KEEP HANDS OFF.

THE RAILROAD CASE MUST BE LET ALONE

Says He Alone Is in Charge of the Situation and Will Not Permit Anyone to Interfere With Decrees Issued by Him.

Kansas City, Mo., April 17.—Judge Smith McPherson, in an amended decree handed down in the United States district court here today, reserved exclusive jurisdiction in Missouri's rate cases, and, in effect, instructed the state courts to keep out of the case.

The decree will dissolve the injunction against the railroads now pending in the state courts and started by state officials to enjoin the eighteen railroads operating in Missouri from putting the 3-cent passenger rate into effect.

The railroads recently asked Judge McPherson to strike out that part of his original opinion, rendered March 2, which stated a 2½-cent rate might be equitable. The judge will hand down a decision on this latter question within a few days.

The St. Louis & San Francisco company today announced its intention of establishing a 2½-cent rate May 1. This makes the third road to accept the compromise terms suggested by Governor Hadley—the Burlington, Rock Island and Frisco.

HUMORS IN THE BLOOD

When the blood is pure and healthy the skin will be soft, smooth and free from all eruptions or disease, but when the circulation becomes infected with any unhealthy humor the effect is shown by eruptions, pimples, boils, or some more definitely marked skin disorder, such as Eczema, Acne, Tetter, Psoriasis, Salt Rheum, etc.

Humors get into the blood, usually because of an inactive or sluggish condition of those members whose duty it is to collect and carry off the waste matter and refuse of the system. This unhealthy matter is left to sour and ferment and be absorbed into the blood, and soon the circulation becomes filled with an acrid, irritating humor.

The blood then, instead of performing its natural duty of nourishing the skin, regulating its temperature and preserving its uniform softness, pliability and healthfulness, irritates and diseases the delicate tissues and fibers around the pores and glands and produces some of the various forms of skin eruption or disease.

The cause of all skin affections can be traced to some kind of humor in the blood. Healthy cuticles are only possible where the circulation is pure; and therefore the cure of any skin disease can only come from a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., cannot cure. True such treatment relieves some of the itching and discomfort, helps to reduce inflammation, and aids in keeping the affected parts clean, but it does not reach the blood, where the real cause is located, and at best can be only palliative and soothing.

S. S. S. cures skin diseases of every character and kind because it purifies and cleanses the blood. It goes down into the circulation and removes the humors that are causing the trouble, builds up the weak, acrid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils, and all other skin diseases and affections. S. S. S. is made entirely of roots and herbs, a safe vegetable remedy.

For six years I was severely troubled with Eczema, located principally on the shin bones, caused by a humor in the blood. The trouble would appear in the form of small yellow blisters, characterized by itching, etc. I tried sarsaparillas, so-called blood purifiers, salves, ointments, lotions and treatment under a local physician, but nothing did me any good. Becoming discouraged I left off all this treatment, and seeing S. S. S. advertised one day I decided to try it, and after taking it a short while the humor was driven from my blood and I was completely and permanently cured. Some seven months have elapsed since I was cured and have had no indication of a return of the disease.

Cadiz, O., April 17.—Not seeming to realize his great danger, Albert L. Shivers, a well known carpenter of this city, climbed a very tall telephone pole here yesterday and walked a telephone cable to a point that would enable him to release a robin which had become entangled in the loop of a string it was carrying to where it was building a nest.

Shivers had to cut the string from about the throat of the dying bird and carry it to the ground, where it lingered for an hour before being able to resume its labors.

FATHER BESTS THE SON

MORE THAN A YEAR'S SCHOOL WORK GAINED BY "VANATTA, SENIOR," AT M. S. U.

IN HONORARY SOCIETY AT COLUMBIA, MO

A Vandalia, Mo., Farmer Sold Land to Attend the College of Agriculture and Has Made a Remarkable Record.

Columbia, Mo., April 19.—When Earl S. Vanatta, a junior in the college of agriculture of the University of Missouri, came to Columbia three years ago as a freshman he did not know that his father, a farmer of Vandalia, Mo., 46 years old, or just twice his age, would become so interested in his letters home about the agricultural course here that he would come to Columbia, enter the University and in less than two years "catch up" with him, but such has been the case.

Elmer E. Vanatta, or "Vanatta, Senior," as the students call him, has done more than "catch up" with his son. He has been so good in his studies that he has been elected a member of the honorary fraternity of his department, although his son has not been able to win that honor and has been here three years.

"Vanatta, Senior" was a student in the University of Missouri in 1883-4, but married a girl in Stephens college and did not finish his course. They returned to his home at Vandalia, Mo., and bought a farm. When Earl S. Vanatta, his son, had finished high school the father sent him to Columbia, the parent's alma mater, to take the agricultural course.

When Earl wrote home about the course here at the University the father could not stand the temptation, so sold his farm, moved to Columbia, bought property and entered the University. He obtained special permission to take extra work, and ever since he has carried a third more studies than the average student.

In his freshman year he made the highest grades in his class, and thus received the benefit of the extra credit for excellence of work. He was even excused from the examinations in chemistry, the hardest course the freshman "farmer" has to take, because of the high grades he made in the course. That was something no freshman ever did before.

Mr. Vanatta has always taken part in the student activities of his department, and holds several offices in the class organizations. He is popular with the other students. They did not require him to wear the regulation freshman cap, required of the other freshmen, out of deference, although he promised to wear one, like the other freshmen. He takes regular work in the gymnasium classes, and jumps, westles and takes cross country runs with the other students.

At first the students in the college of agriculture were awed by having a classmate as old as their fathers, but it soon wore off, and now they gather in his room to work out their problems and study together, just as if he were 18 instead of 46 years old. He has the advantage of them because of his experience as a farmer for several years, and they are glad of his advice in solving the agricultural problems that confront them.

He told them at the first class meeting that he desired to be treated just like the class students, although he was probably the oldest student in the University.

He is the owner of the "Farm House," where twenty four of the agricultural students live and maintain a co-operative club. He constructed the house especially for the students and to this is due largely his popularity among them. They had been renting a house for three years and their lease had expired. He heard of their predicament and constructed a house especially for them at a cost of $8,000, and now rents it to them cheaply. He and Mrs. Vanatta and their son also live at the house.

Mr. Vanatta is undecided as to what he will do upon graduation from the University. He has already had the experience that the other students will have to get and upon graduation will probably specialize in some line of agricultrue and become a teacher.

DeSoto, Mo., April 17.—Abe Slaughter, who murdered his wife in a hotel in this city last September and then attempted suicide, was sentenced to the penitentiary for life.

She Asks a Divorce at 14 Years.

Kansas City, Mo., April 19.—In the Wyandotte county district court Esther Blewitt, 14 years old, through her mother, Mrs. Mary Lengel, brought suit for a divorce against Jewell Blewitt, 17 years old.

In her petition the young woman alleges that her husband swore to the marriage affidavit that she was 18 years old and that he was 21 years old. They were married in Wyandotte county, August 6, 1908.

A CRIME OF 14 YEARS AGO

Is Punished in Kentucky With a Two-Year Sentence.

Mt. Sterling, Ky., April 19.—In the circuit court John Hawkins, an aged white man, was found guilty of manslaughter. He killed Horace Reynolds, in this county, fourteen years ago. He was sentenced to two years in the penitentiary.

Reynolds' body was found on the road Sunday morning. Hawkins was accused of the crime, and fearing mob violence, left the county.

He was caught over a year ago in Estill county and returned here, and at a previous trial there was a hung jury.

The verdict was a compromise, some of the jury being for acquittal.

GIRL STENOGRAPHER RAN

Albert Forney and Wife Quarreled and He Shot Himself.

Wichita, Kas., April 19.—The mystery surrounding the shooting of Albert M. Forney, vice president of the Hockaday Paint Co., has been cleared up by Miss Mattie Maffit, stenographer for the firm.

She says the shooting was the result of a quarrel between husband and wife because Mr. Forney was jealous of her. According to the story she told the coroner, Mr. Forney loaded the revolver in the view of the women and remarked that either he or Mrs. Forney must go.

"Mrs. Forney told him to shoot himself if he wanted to," said Miss Maffit. "Then he pulled the trigger and I ran from the store."

ATE THROUGH A TUBE

Hospital Patient Finally Succumbs to Effects of Draft of Lye.

St. Louis, Mo., April 19.—After receiving nourishment through a metallic tube leading to her stomach four weeks, Mrs. Anna Davis, of Mount Olive, Ill., died at the City hospital Saturday from the ultimate effects of an accidental draft of lye.

Mrs. Davis, who drank part of a glass of lye by mistake, rallied and as her throat was paralyzed, preventing her from swallowing food, the tube was inserted by an operation. It was hoped for a time she would recover.

She was 30 years old, and the wife of a young farmer.

ARE EMPLOYES IMMORAL

Angered by Report That Investigation Is to Be Had.

Washington, April 19.—A mass meeting of nearly all of the 2,400 women employed in the bureau of engraving and printing in this city was held Saturday to protest against the published statement that the National Civic federation, through its women members, had appointed a committee to investigate the morality of the employes of the executive departments in Washington, and that the committee had determined to demand the dismissol of at least fifty women employed in the bureau where the meeting was held.

A committee of women employes was appointed to take up the matter with the newspaper printing the story.

Director Ralph, of the bureau, gave permission for the meeting.

A BIGAMOUS MARRIAGE

Man Says He Was Drunk and Has No Knowledge of It.

Pittsburg, Pa., April 19.—George Schaub, a young husband of a few months, entered the Allegheny county court and asked to be relieved from the bonds of matrimony into which he appears to have entered while on a spree some months before he married his present wife.

Schaub declares that he has no recollection of having married Mary Finner, who claims to be his wife, and that he married Kate Riske in New York November 14 last in good faith. Both wives were in court.

Eminent Authorities Say

that out-door exercise is needed by the American people. That's all very well, but how can people with rheumatism follow that advice? The answer is very simple—use Ballard's Snow Liniment and the rheumatism will go; leaving you as spry as a colt. Gives quick and permanent relief from rheumatism, neuralgia, lame back and all pains. STOP A "SOUL-MATE" COLONY

Man Arrested Teaches There Is No Marriage in the Bible.

Menominee, Mich., April 19.—Menominee women are all stirred up over the proposition to establish a "soul mate" colony here, and to their indignation is due the arrest of Joseph Klopeck and the emphatic statement from Prosecuting Attorney Doyle that Menominee refuses to stand for any "affinity business" or to permit immorality in the city under the cloak of religious fanaticism.

Joseph Klopeck, the cause of the fuss, asserts that there is no such thing as marriage in the Bible, to which Prosecuting Attorney Doyle retorts severely that there is in Menominee. Four years ago Klopeck brought his "soul mate" from Chicago and they took up their residence in Birch Creek, several miles from the city.

Recently several Menominee wives called on the prosecuting attorney and informed him that their husbands desired to have their marriage vows annulled and after that had been done to take their divorced wives to Birch Creek and live according to the doctrines Klopeck had taught them.

JUST CAN'T STOP WALKING

Bookkeeper Has "Marathonitis" or Paralysis Agitans.

St. Louis, Mo., April 17.—Of several peculiar cases now being treated at the city hospital, the most unusual, probably, is that of Edward S. Young, 47 years old, 3311 Arlington avenue, a bookkeeper.

Young, who has been in the hospital two days, is suffering from "Marathonitis," or paralysis agitans, a disease affecting locomotion. Once started, he cannot stop walking of his own accord.

Farmer's Currency Burned.

DIVORCED OKLAHOMAN KILLS HIS WIFE'S MOTHER AND SISTER-IN-LAW.

TRIES TO KIDNAP CHILD IN OKLAHOMA

Husband of Victim in Pistol Duel Shoots Him in Neck—Officers Elude a Mob and Man Jailed at McAlester.

Hartshorn, Okla., April 17.— Mike Zanona, an American citizen of Italian parentage, shot and killed his mother-in-law, Mrs. William Doss, and his sister-in-law, Miss Willie Doss, at 5 o'clock last afternoon, and was in a few minutes shot in the neck and seriously wounded by his father-in-law, William Doss.

Zanona's wife left him a year ago and a short time ago was granted a divorce and the custody of their 3-year-old child. The child was in the custody of the Doss family, the mother working as a stenographer in the offices of the Rock Island Coal Co.

At 5 o'clock Zanona entered the Doss home without knocking and shot down the two women as they were peeling potatoes for supper. He then started around the house with his child and two small children of the Doss family.

When Constable Whiting appeared upon the scene Zanona shot at him. The fire was returned, the officer shooting him, on account of the children. Doss, who had started home for supper, heard the firing and rushed up. He and Zanona exchanged several shots, Zanona finally falling, shot in the neck.

City Marshal Woods, Constable Whiting and Justice of the Peace Hunt bundled the wounded man into a wagon and started west as a mob of forty-five men, well armed and carrying a rope, set out for the scene of the trouble.

The interurban electric office was telephoned by the officers, and the car for McAlester left five minutes ahead of time, making no stops inside the city limits of Hartshorn.

The man was placed in jail at McAlester, the officers fearing to send him to a hospital, although his condition is serious.

CHARGED WITH ASSAULT

Sergeant of Marines at Charleston Navy Yard.

Boston, Mass., April 17.—Horace C. Whitney, sergeant of marines at the Charleston navy yard, has been held in $5,000 bond on a charge of statuatory assault of Ellen Chessman, a Charleston girl, on Jan. 31, last, when on duty at the yard. He pleaded not guilty and will have a hearing next Wednesday.

Whitney is about 23 years of age and comes of a respectable family of Cleveland, O.

The Chessman girl is said to be under 16 years of age. The assault is alleged to have been committed in the guardhouse.

Whitney was at the head of the large guard duty squad at the time, and this constitutes a most serious feature of the case, in the government's eyes.

MISSOURI FEELS SHOCKS

NEW MADRID COUNTY PEOPLE GREATLY ALARMED AT QUAKES.

FEAR REPETITION OF THE EARLY DAYS

At That Time, 1812, the Whole Earth Heaved and Trembled at Disturbances and Rivers Changed Their Courses.

Hearst News Service.

New Madrid, Mo., April 17.—The most severe earthquake shock that has been experienced here in twenty-five years shook New Madrid and other towns in New Madrid county at 12:23 this afternoon.

There were two distinct quakes, thirty minutes apart. The first was the most severe, causing the surface of the ground to heave and tremble in a manner that terrified the oldest inhabitants, who fear a second visitation of the terrific convulsion of 1812, which caused the complete upheaval of the surface, changing the course of rivers, making them overflow the land, which in places was depressed several hundred feet and destroying life and property in its path.

This section has never been entirely free from seismic disturbances since that time.

New Madrid had a similar quake to that reported today six years ago, which was followed by sixteen distinct quakes, but very little damage was done.

WAS HIGH SCHOOL DAY

PUPILS FROM VARIOUS CITIES MET IN CONTEST OF BRAINS AND SKILL.

SEDALIA WAS VERY WELL REPRESENTED

Took Some of the Honors in the Various Events, Although Other Cities Won Also—Gold Medals Were Missing.

(From Sunday's Daily.)

California has been a gala city for the past couple of days, the occasion being the tenth annual meeting of the Central Missouri Teachers' association and the high school contests, the towns represented being Sedalia, Pleasant Hill, Tipton, California, Jamestown, Boonville, Jefferson City, Washington, New Haven and possibly others.

This association meets each year and the general high school work is discussed and addresses made by those who have given special study to the subject which they take.

The association meets at Sedalia next year and Prof. John P. Gass, our school superintendent, is president for the coming year, succeeding A. S. Green, of Richmond.

Prof. Gass addressed the association on the Batavia system and was highly complimented by all who heard him.

Friday night there were two contests between the different high schools, one oratorical and one for debate. In the oratorical there were no Sedalia contestants. Mr. Manuell Drumm, of Tipton, won first and LeRoy Schaumburg, of Boonville, second.

In the debating contest there were two home boys, Ira Sprecher and Vincent Carroll. Mr. E. W. Pfaffenberger, of Boonville, won first and Ira Sprecher won second.

The interscholastic track meet was held at the fair grounds Saturday afternoon, there being over six hundred people present to witness it and about sixty boys from the different high schools took part in the various events and much enthusiasm was shown by the rooters from the respective towns which were represented in the meet, Sedalia being very much in evidence; there were over one hundred of them present.

The events follow in the order in which they came, the winner in each and their record:

Pole vault—Victor Drumm, Tipton, first; Paul Herzog, New Haven, second; Wm. Goetz, California, third. Height, 8 feet 3 inches.

One hundred yard dash—T. A. Copas, California, first; Lewis Cook, Jefferson City, second; Lester Scanland, Sedalia, third. Time: 10:1.

Discus throw—T. A. Copas, California, first; Sidney Moore, Jefferson City, second; Fred Campbell, Sedalia, third. Distance, 95 feet 8 inches.

High jump—Lewis Cook, Jefferson City, first; George F. Bellas and Ira Sprecher, Sedalia, tied for second: Height, 5 feet 5 inches. Bellas should have won this event easily, but was out of condition and form.

Four hundred and forty yard run—Lewis Cook, Jefferson City, first; Talbot Keeling, Sedalia, second; Elston Melton, California, third. Time 56:1.

Twelve-Pound Shot Put—T. A. Copas, California, first; Sidney Moore, Jefferson City, second; Vernon McNeil Sedalia, third. Distance, 39 feet.

Running broad jump—Lewis Cook, Jefferson City, first; Edwin L. Evans, Sedalia, second; Clarence Goodrich, New Haven, third. Distance, 19 feet 1½ inches.

Two hundred and twenty-yard dash: Vernon McNeil, Sedalia, first; Lewis Cook, Jefferson City, second; Harold Goodrich, New Haven, third. Time, 25.

Twelve-pound hammer—T. A. Copas, California, first; Victor Drumm, Tipton, second; Leonard Buschman, California, third. Distance, 106 feet 6 inches.

The last event was the relay race, which Sedalia won easily and was the best one of the meet, since the winner received a beautiful loving cup, the best prize given for the meet.

A banner was given to the winner of the most points, going to Jefferson City, score 29, California being second with a score of 23; Sedalia third, score 18.

After the track meet Sedalia and Washington played basket ball, but as Washington's team was fresh and Sedalia's worn out from their exertions in previous events, the latter fell easy victims to the Washingtonites, the game being called in their favor after the first half. The Washington team played a very clever game.

Last night the contests for declamation, essay, male, female and mixed quartettes were held. Sedalia entered in all of the quartettes and also in essay, and while many thought that our singers, trained by Mrs. MacGugin, should have won all three, they succeeded in winning in the mixed only. The singers were Fannie West, Mrs. MacGugin, Mary Norlin and Lucile Brandt.

The prizes for the literary contest were gold and silver medals, respectively, for the first and second prizes.

During the day the four medals, two gold and two silver, for essay and declamation, disappeared, and President Green announced that if some one was playing a joke it had gone far enough; if not, he advised that every one look out for the medals and notify him if found.

MINISTER TO BE REINSTATED

Was Formerly Pastor of Fashionable Church, but Fell Through Drink.

New York, April 17.—After having been dismissed from the Presbyterian ministry ten years ago for drunkenness, the Rev. Dr. Harvey Graeme Furbay will be reinstated at a meeting of the New York presbytery next Monday. Dr. Furbay, who is a graduate of Princeton theological seminary, and, besides, has the degree of doctor of philosophy, was the pastor of the Oxford Presbyterian church of Philadelphia ten years ago at a salary of $8,000 a year.

Then his wife died and he sought dissipation to bring forgetfulness. He sank rapidly and on coming to New York was arrested several times for drunkenness and served time in various prisons for being a vagrant. This, of course, resulted in his dismissal from the minstry, but later he became interested in mission work and preached in the streets, aiding the derelicts in the city.

Such a change came over him that he was appointed secretary of the Industrial Christian alliance in Bleeker street, where his conscientious work attracted such favorable attention that it was decided tha he would be a valuable man again in the pulpit. When seen last night Dr. Furbay declined to discuss his case, but he appeared extremely happy and said simply:

"I earnestly hope to be able to reenter the Presbyterian ministry."

W. R. ("Bud") Dillard is in receipt of a letter from his wife, who is visiting at Leslie, Ark., saying that their only child, a son aged 16 months, is down with the measles, but is getting along fairly well. It is because of this fact that "Bud" anxiously awaits the arrival of the mail from Arkansas each afternoon and hastily scans the letter that tells of the babe's condition.

The Gun Club Shoot.

Mont Thatcher made a score of 23 out of a possible 25 at the weekly shoot of the Sedalia Gun club at Liberty park Friday. John McLaughlin was second, with a score of 22, while Edward and John McGrath and Chas. Cullom each scored 21 out of a possible 25.

Macon Police Chief Threatened.

Macon, Ga., April 17.—Chief of Police Wescott, of this city, has received a black hand letter threatening him with death if he did not deposit $300 under a certain bridge in this vicinity.

Will Accept Local Contract.

The Midland Bridge compasy of Kansas City, through its local attorney, C. C. Kelly, has decided to accept the contract for paving Third street from Lamine to Hancock avenue, and will begin work soon.

On several occasions contracts have been awarded for the foregoing work, but on examining the ordinances contractors have always thrown up the job, considering it a losing proposition.

THIS ONE HOG KEPT LEAN

By Practicing With Dumb Bells to Stay Home From Market.

Springfield, Mo., April 17.—When John Harwood, farmer, was an occupant of the Harwood nursery he learned a rhyme that went like this:

This little pig went to market,
This little pig stayed at home;
This little pig had roast beef,
This little pig had none.
This little pig cried wee-wee all the way home.

Now Harwood, after fifty years, knows why that little pig that stayed at home did stay at home. Harwood had a bunch of hogs that would not fatten, although he fed them his choice grain.

Happening to pass the hog lot at a time when he was accustomed to be some other place he saw the hogs doing a rude gymnastic stunt, led by a white hog, the leanest and scrawniest of the entire bunch.

Harwood says the hogs were trying to stay lean in order that he could not send them to the slaughter house. He put the white hog in a separate lot.

Said That She Cannot Enter an Ordinary Carriage.

Council Groves, Kas., is the home of a 15-year-old girl who weighs 559 pounds. Her name is Pearl Rambo. She is enjoying the best of health and goes about unaided. She attracted no little attention at the Union station in Kansas City, where she changed cars for Abeline, Kas.

With a width of forty-five inches across the shoulders, and an eighty-inch waist measure, this girl cannot enter an ordinary carriage. She must have either a very wide and very low single buggy or a spring wagon. Her arms at the biceps measure twenty-four inches in circumference. SEDALIAN STRIKES OIL

J. M. Ricks Is Right in the Swim Near Sapulpa, Oklahoma

J. M. Ricks, written of as follows in the Sapulpa, Ok., Daily Light of April 15, is a son of Mr. William Ricks, of West Fifth street, this city:

The supposed shut down in oil circles is not affecting the bringing in of some new wells northeast of the city. Yesterday Page & Roth had their new well on the Topley Ispokogee land shot and the well started off by producing 400 barrels of oil the first day of its work. This well is in the southeast quarter of section 17, township 18 and range 12.

The land is owned by J. M. Ricks and Joseph Pruner. These gentlemen have been working for some time to secure a footing in the oil producing territory and their efforts have now been bounteously rewarded.

The north extension of the Glenn Pool took a dip to the west towards Sapulpa yesterday when Robert Jordan brought in a good well on the Helton land, section 30, township 18, range 12, about one mile and a quarter east of the Sapulpa cemetery. The oil sand was struck at a depth of 1480 feet and shows up to be the regulation sand of the west extension of the Glenn Pool.

A guaranteed cough remedy is Bee's Laxative Cough Syrup. For coughs, colds, whooping cough, hoarseness and all bronchial affections. Best for children because it is quick to relieve and tastes good. Gently laxative. Sold by the W. E. Bard Drug Co.

QUITS COLLEGE TO BE FARMER

President Can Earn Larger Salary in Agriculture.

Ripon, Wis., April 17.—The call of the farm and the insignificant salary he can earn as a college president have led to the resignation of President Richard C. Hughes, of Ripon college.

He came to Wisconsin six years ago from Tabor college at Council Bluffs, Iowa, and in these six years has doubled the endowment of the college and has doubled the attendance.

A salary of $4,000 is far less than he hopes to earn by taking the management of a tract of irrigated land in Idaho. As a result he has turned farmer.

Pains of women, head pains or any pains, stopped in twenty minutes, sure, with Dr. Shoop's Pink Pain Tablets. See full formula on 25c box. Sold by the W. E. Bard Drug Co.

The general hospital committee—Drs. W. J. Ferguson, H. B. Cole and S. G. Kelly and Messrs. J. W. Mellor and E. G. Cassidy—met at the court house Friday night and submitted the proposition of Dr. E. A. Wood for the sale of Maywood hospital.

Dr. and Mrs. Dufur, who are former Sedalians and have been residing on a ranch near San Diego, Cal., will begin work at once for the erection of a modern and up to date two-story residence on the land. When completed they will occupy it.

Dr. Dufur has returned to Sedalia to resume his practice.

FOUND ON ISOLATED FARM

Dr. Sarah Murphy, Who Was Banished From Louisville.

Louisville, Ky., April 17.—Dr. Sarah Murphy, who figured prominently in sensational cases tried in this city, and who herself was once on trial for murder in connection with an alleged operation performed on a young woman, disappeared from Louisville, but has been located on an isolated farm near Valley Station.

Dr. Murphy was required to leave the city, and, since the court's order, had never been heard of by authorities here.

The woman, dressed in black, wore heavy veils, and her identity had never been suspected, although her manner was constantly commented upon by neighbors. She was known only as the "Woman in Black" and had no visitors.

SHOOTS A GIRL'S SUITOR

FATHER OF PRETTY MISSOURI MAID SURRENDERS AFTER TRAGEDY AT HOME.

VICTIM 22; DAUGHTER BUT 13 YEARS OLD

The Slayer Was Taken From Bolckow to the Savannah Jail—Wounded Man Is Not Expected to Recover.

Maryville, Mo., April 17.—Because his love for pretty 13-year-old Jeanie Sivvege, of Bolckow, was stronger than his desire to retain his hold on life, Will Whitney, of Bolckow, is lying dangerously injured at his home.

J. J. Sivvege, father of the girl, met Whitney in an alley about 7 o'clock Thursday night and with a single barrel shotgun wounded him. The charge entered Whitney's abdomen. Sivvege at once gave himself up to the city marshal and is being held in the Bolckow jail.

Whitney had been to call on Miss Sivvige, the family living in the building in which the father's shoe shop is located. Sivvige was in the alley at the rear of his home, waiting for Whitney to appear.

The young fellow left the home of his adored by the rear door, and as he stepped into the alley was confronted with Sivvige's shotgun. Without a word Sivvige fired. Whitney was taken to the office of Drs. Hanna & Hanna. It is doubtful if he will recover.

Sivvige is about 45 years old. His victim is 22. Sivvige is a shoemaker and Whitney a young man about town.

Prosecuting Attorney Sanders, of Andrew county, was in Bolckow all day Friday, taking evidence in the matter. Sivvige was taken to Savannah later in the day.
